FULL HOURS LOG LINKED [HERE](#) (Some hours may not be included as I started making this list 3/2/23. I did my best to incorporate accurate hours of SOME projects that are mentioned on this list but there are some that are not on there...):

- Highlighted in purple: highly significant items

2022:

March: Enroll with MNVL (Minnesota Varsity League), the official high school esports program of the state of Minnesota as an intern. Owned by Wisdom Gaming LLC. The internship lasted until the state finals date of June 4-5 where I casted on LAN in front of an audience. Now a paid employee as of 9/29/22 for a second season

Experience gained from this internship:

- Teamwork with:
 - A production crew
 - Other casters
 - Casting mentor: DoA Lonnquist: Rainbow Six Siege Desk Host
 - Other organizational staff; Jake Utilities, etc.
- Time management within the space
- Production meetings

- Improved casting skills in the following categories
 - Verbage
 - Energy level
 - Co-casting
 - Steady word path
 - Reduction of stutters
 - Cadence
 - Tone
 - etc.

The plan with the above internship was to terminate me by the end of the state finals date of June 4-5 2022. However, I was chosen by the organization leader Jake Utities to stay on the staff line as an intern due to “Exceptional performance.”

- Paid

Various online leagues:

- U18 CoD League solo and duo casting
- Various other pickup matches from various other extremely minor online leagues that contribute to my skills development all done from my personal channel
