ABSTRACT

Abstract written in English and Indonesian (two abstracts), written in 1 space. Abstract is the essence of writing, covering the basis of writing, objectives, methods and research results in one paragraph, concise and not more than 200 words. Abstract in English is written in italics, abstract writing is centered in one column.

Kata Kunci dan Key words. key words are written directly below the dividing line after the abstract on a new line starting from the left margin of a minimum 3 words maximum 5 words relevant to the substance of the article

INTRODUCTION

The introduction is a justification for the substance of the article which is supported by relevant literature above the 2000s. Contains the background and research objectives. Maximum 400-500 words written in 2 columns.

Pendahuluan merupakan justifikasi substansi artikel yang didukung pustaka yang relevan diatas tahun 2000an. Memuat latar belakang dan tujuan penelitian. Maksimum 400-500 kata di tulis dalam 2 kolom.

MATERIALS AND METHOD

It must be detailed and clear, including material, place and time, experimental design, sampling method, implementation and data analysis. Written with a news sentence not in point

Bahan dan metode harus detil dan jelas, meliputi bahan, tempat dan waktu, rancangan percobaan, metode pengambilan sampel, pelaksanaan dan analisis data. Di tulis dengan kalimat berita bukan perpoint.

RESULTS AND DISCUSSION

Results and discussion are presented in 1 Chapter. The results of the research are presented in the form of tables / graphs which are given statistical notation, are given numbers and titles. The title of the table is written at the top, while the title of the chart and figure is written at the bottom. Writing Tables and Graphics may be two columns consecutively with paragraphs, if it is written in one column it is placed at the top, or at the bottom so that it does not cut the paragraph. If there is a unit written in the title, not in the table. Descriptions of tables / graphs do not repeat the data presented except for those things that really stand out. The discussion compares the research results with relevant literature and explains the implications of the research results obtained for science and its use.

Hasil dan Pembahasan disajikan dalam 1 Bab. Hasil penelitan disajikan dalam bentuk tabel/grafik yang diberi notasi statistika, diberi nomor dan judul. Judul tabel ditulis di bagian atas, sedangkan judul grafik dan gambar ditulis di bagian bawah. Penulisan Tabel dan Grafik boleh dua kolom berurutan dengan paragraph, jika ditulis dalam satu kolom diletakkan pada bagian atas, atau bagian bawah sehingga tidak memotong paragraph. Jika ada satuan ditulis di judul bukan

dalam tabel. Uraian tabel/grafik tidak mengulang data yang disajikan kecuali hal-hal yang sangat menonjol. Pembahasan membandingkan hasil penelitian dengan pustaka yang relevan dan menjelaskan implikasi hasil penelitian yang diperoleh bagi ilmu pengetahuan dan pemanfaatannya.

CONCLUSIONS

Conclusion presented in paragraph form and not in numbering form. If there are suggestions, they are presented briefly and relevant. Simpulan disajikan dalam bentuk paragraph dan bukan dalam bentuk penomoran. Jika ada saran, maka disajikan secara singkat dan relevan.
