

# Agent Image

Setting up a staging site for through Auto Launcher

## Training Objectives/Goals

At the end of this session, you will learn how to set up a staging site.

**Staging Site.** This is the test site of the design, content and functionality. Exactly how a live site would look like.

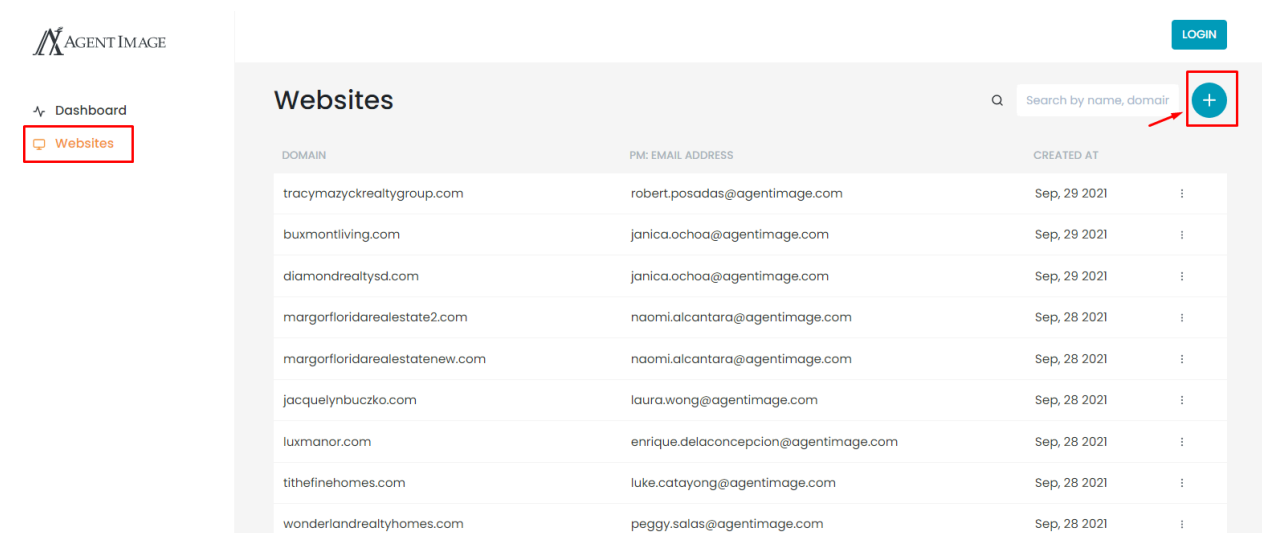

## Setting up Staging Site for Agent Pro Websites

Username: august99launcher

Password: VtkcirfCy6W2ABDRcdiWF

Once logged-in click websites then the + button

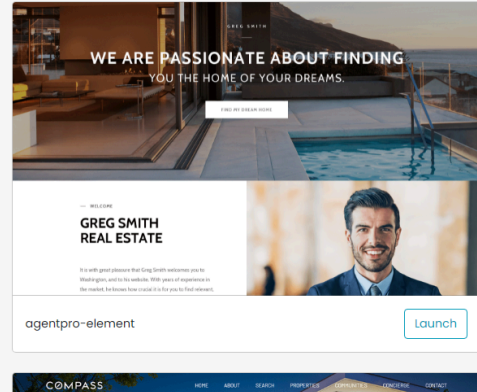

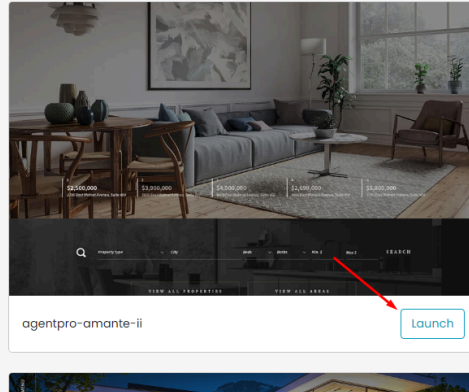

The screenshot shows the Agent Image dashboard. On the left, there is a sidebar with a logo and two menu items: 'Dashboard' and 'Websites'. The 'Websites' item is highlighted with a red box. The main content area is titled 'Websites' and features a search bar and a table of websites. A red box highlights a blue circular button with a white plus sign in the top right corner of the table, next to the search bar. A red arrow points to this button.
