

## Gr. 4 Math Fractions of A Group Assignment

### In this assignment I will show how you can:

- Name and record fractions for the parts of a whole or set.

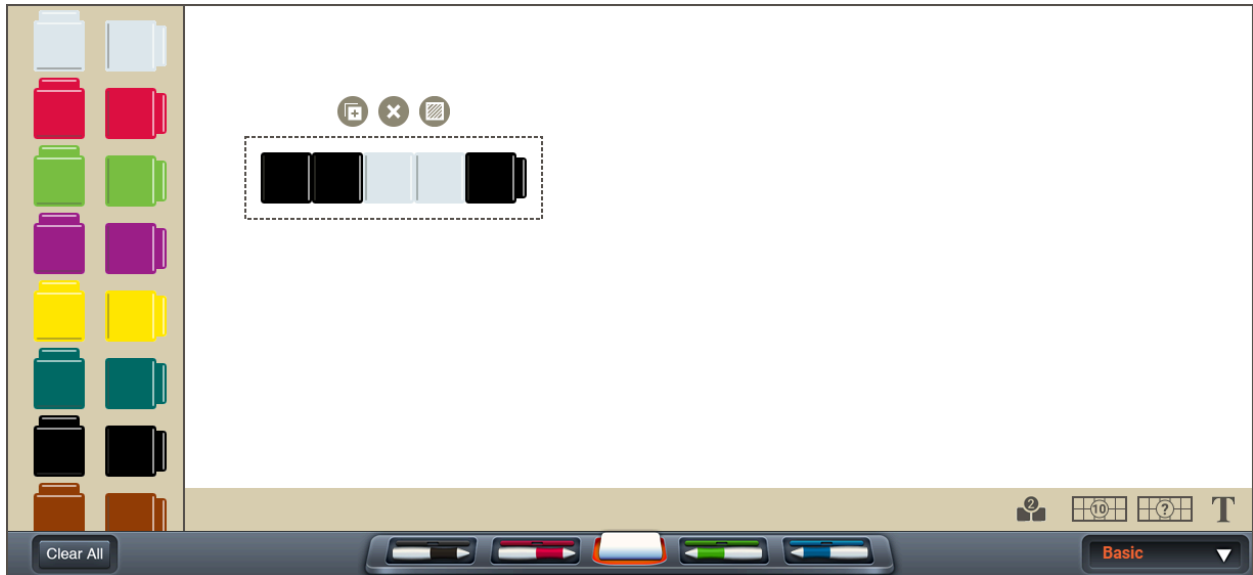

Write the fraction for each of the following.

What fraction of the cubes are red?

What fraction of the cubes are purple?

What fraction of the cubes are yellow?

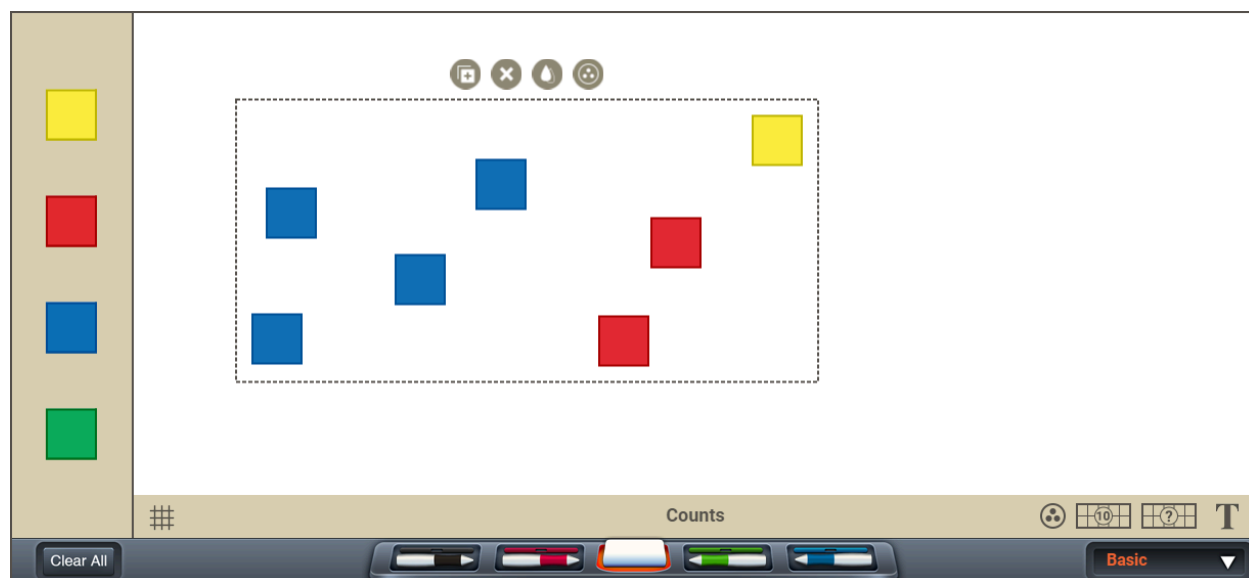

What fraction of the blocks are black?

What fraction of the cubes are red?

What fraction of the cubes are green?

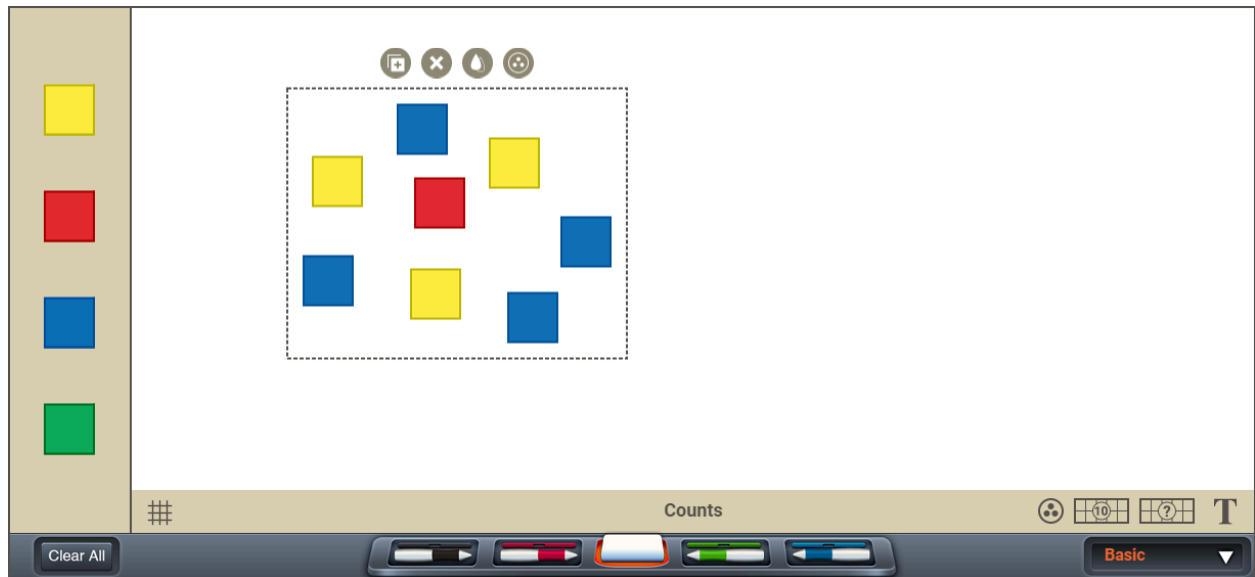

Now think about all of the blocks on the screen as being one group of shapes.

What fraction of the group of squares is blue?

What fraction of the group of squares is red?

What fraction of the group of squares is yellow?

In the above picture

$\frac{3}{8}$  of the squares are yellow

$\frac{1}{8}$  are red

$\frac{4}{8}$  are blue.

Put the fractions in order from least to greatest.
