| #1 | Take Profit Trader   | 5  | 50% Consistency. No Major News, EOD Draw in eval to Trailing in the live account until you reach drawdown +\$100 then it becomes static. No Consistency in the Live Sim. No Bots/Algos NinjaTrader (with CQG), Tradingview, Quantower, Multicharts, Motivewave, Sierra Charts and Finamark. Rithmic and CQG Options. Payouts via wire or wise.*Check that your country is on the approved list for Pro+ (live account). Live sim capped at 10K Profit will move to Pro+ live account. No Daily loss limit effective 1/12/25  | 5   | \$119.00  | \$0 No activation or ongoing monthly fees           | 0 – PAYOUT<br>ON DEMAND  | Super fast<br>and often<br>same Day<br>Payout | FOR THE BEST CURRENT PROMO USE CODE: ARMYNAVY  30% OFF AND no set up fee is back!!!   | Yes! I am trading here super fast same day payouts, inexpensive accounts and they allow 5. Can trade on Ninja via tradovate. Solid Payout History and favorable rules. |
| #2 | My Funded<br>Futures | 2  | Strict rules against scalping that include a min amount of time in trade and a min number of 5 points. no news and no bots. Can trade on Ninja, Rithmic, Tradovate, Quantower, and new DX Feed connects VolSys and VolBook. Payouts via Rise. Really fast payouts! Tradovate approved with Ninja. They have launched Trading View!   | 3 Live<br>Sim and<br>1 Live<br>Max            | \$127/mth<br>starter plus<br>\$97 for<br>starter                    | <b>\$0</b>  | varies by<br>plan  | Fast<br>payout on<br>approval                 | Starter Plus Accounts<br>are 25%<br>CODE: <u>ARMYNAVY</u>   | Yes! I have funded 100K Started plus accounts is my preference   |
| #3 | Tradeify             | 1 for eval<br>accounts<br>or<br>skip eval<br>with direct<br>to live! | Traditional Evals to funded or skip the eval and go direct to funded!  Daily Loss limit is 50% of total loss limit and is a soft breach – if you hit it you are just locked out for the day. DLL ends when account milestones are reached.  No HFT - more than 50% of trades must be 5 seconds or longer  DCA is allowed.  20% Consistency rule applies to S2F, 35% On growth & advanced accounts.  Limits on first few payouts and all payouts are now 90/10 split. Live sim cap is 80K. Great rules for the live accounts.  Tradingview and Tradovate with Ninja access.  Can move to a live account after 3rd payout.  Lightening Payouts via Rise. | 5   | \$300 ish<br>for S2F<br>\$97 for<br>Growth/<br>\$48 for<br>Advanced | None for straight to funded or Growth accounts      | Currently can can request after 10 trading days. There are 3 payout windows to request per month | 24 Hours!!                                    | 30% OFF ALL ACCOUNTS  40% OFF ALL ACCOUNT SIZES FOR NEW USERS  CODE: ARMYNAVY  No set up fee on GROWTH Accounts - best deal imo | Yes!   |
| #4 | TickTick<br>Trader   | 1  | Daily limit is a soft breach on Tick Tick Direct accounts BUT NOT ON Evaluations. Don't hit the DLL on the eval or you will fail. Copy trading allowed. 30% Consistency on funded stage not on eval stage. I prefer the TickTick Direct accounts. They provide level 2 data for one instrument. Can trade on Ninja, ProjectX   | 3   | \$84 for the<br>50K<br>Advanced                                     | \$130.00<br>except \$100K<br>Account is<br>\$249.00 | On demand when you reach payout. Starting with your second payout, you'll                        | 5 days is<br>standard                         | 45% Off S2F Accounts Code<br>ARMYNAVY  40% Off 50K, 100K and 50K<br>Starter Accounts Code:<br>ARMYNAVY40                        | <u>Yes!</u>  |

|-----|-------------------|---|--|---|---|--|--|--|--|---|
| #10 | The Futures Desk  | 5+  | Pick your own plan! Very cool dashboard and proprietary trading platform. Now open to all traders and they offer Rithmic. I am using Quantower (free version works great) but you can use Sierra, Motivwave, Jigsaw etc. Free EPT Trade copier License - can use to trade on ninja!  | 2   | \$279   | \$0 set up fee   | 0 pay on<br>demand   |  | CODE: ARMYNAVY   | <u>Yes</u> !  |
| #11 | Purdia<br>Capital | 5   | End of day and intraday drawdown account options. No rules on consistency, scalping or news. You can scale in "DCA". Move into real live account from eval. They have access to Tradovate, Tradingview or rithmic connects. Can Use Ninjatrader. 90/10 profit split (older evaluations still have 70/30 split)   | 1   | \$179.00  | \$130.00   | 10   | On<br>demand in<br>live                                    | For the Best Current Promo<br>25% use Code DOK                                       | Yes.  |
| #12 | The Trading Pit   | 3   | Daily Loss is a soft breach. No news. They scale allowed contracts cannot trade max contracts on day 1. 40% Consistency. You can only copy trade 5 accounts at a time. Can trade on Tradovate, Ninja, Tradingview, ATAS, Quantower and R/Trader. also functional with Sierra Charts, Jigsaw & Volfix, although for these platforms you would have to have your own license. Currently support bank wire transfers and cryptos for withdrawals. They support international wires No set up on classic accounts and \$129 Set up on Prime accounts. 80/20 profit split.                        | No limit                                      | \$99.00<br>(one time<br>fee)                      | Monthly data<br>fee in live is<br>around \$129<br>same as the<br>other props | 10+ profitable days (\$200+) for 1st payout. 5 profitable days for 2nd payout then can request payouts weekly. | 1 day for<br>approval<br>and<br>payouts<br>Every<br>Friday | FOR THE BEST CURRENT PROMO 20% off USE THIS LINK AND CODE: ARMYNAVY                  | Yes.  |
| #13 | Bulenox           | None                                      | 40% Consistency is the only rule on the live sim PA account. Intraday trailing Drawdown until becomes static at breakeven plus \$100.00 for Option 1 accounts and there is an end of day trailing for option 2 accounts. Can trade on Ninja, Quantower, Atas, Sierra, Bookmap and many others. Payouts via ACH/Wire Transfer, Paypal, Zelle. check the account set up fees on the larger accounts they are very high. Recent rule changes – contract consistency! You you can only copy from one Bulenox account to another Bulenox. No multi propping. First \$10K then 90/10 profit split. | 11  | \$192.00 for<br>50K<br>account<br>(FULL<br>PRICE) | Range from<br>\$98.00 to<br>\$898.00   | 10   | 15<br>Must<br>maintain<br>buffer.                          | KELLY75 - 75% OFF ALL<br>OPTION 2 Accounts<br>KELLY83 - 83% Off Option 1<br>Accounts | No. They no longer allow copy trading with other props. They have implemented new consistency rules I don't like. |
| #14 | Alpha<br>Futures  | 10  | JUST LAUNCHED TRADOVATE/NINJA!!! NO BOTS, Soft breach Daily Loss Limit. 40%  | 3   | \$79.00   | \$149.00   | 10   | Every 14<br>days<br>(90/10)                                | FOR THE BEST CURRENT PROMO 30% Off Standard  | Yes! |-----|------------------------------|---|--|---|------------------------------|--------------------------------------|--|--|---|---|
|     |                              |   | Consistency (funded) 50% Consistency (Eval), scaling contracts. Payouts via Rise  ZERO Commissions!!   |   |                              |                                      |  | or every 5<br>days for<br>advanced<br>plans<br>(\$200 min<br>profit<br>required) | USE<br>CODE: HOPE   |   |
| #15 | Tradefundrr                  | 5 days of<br>\$250 or<br>more profit      | This prop is part of the companies that own SMB Capital. They are a live desk and they offer Futures (newer) but are much more established with stocks and options trading props. So new to futures but a well established company. They are tradovate approved so another ninja prop. Also offer Dx feed. They offer S2F and more traditional evals. You can have 10 S2F accounts here the data is populated for the incubator plans on this chart. Look at the S2F for the Instant funding plans. Payout via wire or paypal. Copy trading allowed. Must hold trades for 30 or more seconds.  20K max payout in live sim per account. Daily loss is a hard stop – will fail. DCA Allowed. No news (read news rules) and no bots. 80/20 profit split | 5   | 49.00 per month              | \$149                                | 5 days of<br>\$250 or more<br>profit           | Just says<br>fast  | Not offering any coupon codes they are priced at the value they think is fair and will not engage in coupon code wars with other props. | Not currently. The rules are a bit challenging in order to copy with my other account but I plan to give them another try soon. |
| #16 | Phoenix<br>Trader<br>Funding | 3 or 10                                   | 3 days for classic accounts with 200+ profits or 10 days in Ascension (static) accounts. They also have static accounts. No flipping. 30% Consistency. No news. Payout by Paypal, Payoneer or "just payout". Payout limitations. Buffer required.Rithmic can trade on Sierra or Quant, Atas etc  | 5/3   | \$89-270                     | 0                                    | 10   | unstated   | USE LINK FOR THE BEST CURRENT PROMO AND CODE: UtOXkGB   |   |
| #17 | OneUp Trader                 | 10  | In Intraday "real time" Trailing drawdown No DCA rules. Daily LL on on funded side. No microscalping Complicated consistency - "Traders must have three (3) other best trading days' net profits total summed up to equal 80% or more of the largest day's net profit" Payout via wire transfer once threshold met.  | 3   | \$150                        | None                                 | 10   | not stated   | FOR THE BEST CURRENT PROMO USE CODE: ARMYNAVY   |   |
| #18 | Traders<br>Launch            | 3   | Proprietary platform or Quantower for eval stages and Interactive Brokers, NinjaTrader, or T3 Global or other for live funded account. They have multi stage evaluations you can pick from   | 1   | \$109                        | 0                                    | when you are<br>above 1%<br>target             | 3 days   | SAVE 15% WITH<br>CODE ARMYNAVY  | YES I did try them and busted my eval. Larget accounts sizes coming   |

|     | Company  | Trading<br>Days<br>Required<br>Evaluation | Basic/Important RuRankles/Platforms   | Number<br>of<br>Funded<br>Accounts<br>Allowed    | Cost for<br>\$50K<br>Account | Set Up and or<br>Monthly Data<br>Fee   | Trading Days<br>Until Can<br>Request<br>Payout        | Days Until<br>Payout<br>Approved                      | Current Promo Code &<br>Website Link                              | Am I trading with them?<br>Y/N & Why   |
|-----|--|---|---|--|------------------------------|--|---|---|---|--|
|     |  |   | . EOD drawdown. 100K for starting balance on evals. 1% buffer to withdraw. Split is 80/20 and payout via wire or crypto. Looks like there is no live sim stage eval right to live funded.  Trading hours are locked to the New York Session, as it is the highest liquidity session with the most opportunity.  Hours are 9:30am - 4pm EST Timezone   |  |                              |  |   |   |   | I will try again when<br>they launch.  |
| #19 | Humble<br>Futures<br>Funding                       |   | Offer traditional and S2F. Can trade on quantower - free version. No Daily LL. 30% Consistency. You can't have more than 25% of trades below 12 ticks for NQ and 4 ticks for ES. News trading allowed. Limitations on payouts – ie \$2000 per payout limit on \$50K account. Note they require proof of prior payout to purchase an Instant Funding account. Intraday trailing drawdown. You can not trade max contracts at one time.   | 25   | \$181-500                    | there are three<br>different<br>activation fee<br>options:<br>\$79.99 - \$210! | 8 days  | 3 days  | 90% Off Standard Path<br>Accounts Code is PATH90                  | Maybe, I will be interested in the Instant Funding when there is a good sale offered   |
| #20 | Earn2Trade   | 10  | Daily loss limit (hard breach will fail). Consistency is 30%. No scaling into positions. not new. Rithic connection only. Can trade on Ninja, Finamark, Bookmap, Atas, Jigsaw, Quantower and others. Withdraw via wire or crypto. There are cheaper options with less rules. 80/20 profit split.  | 3  | \$76.00                      | \$139.00<br>monthly after<br>1 <sup>st</sup> payout                            | Weekly once funded.                                   | Weekly  | FOR THE BEST CURRENT PROMO (60% OFF) USE THIS LINK CODE: ARMYNAVY | Yes! They are an OG prop in business many years and have a good career path plan that is affordable. They do move to live when you pass. Weekly payouts. |
|     | DayTraders.com  Currently in litigation with Apex. | 4   | Offer trailing and static accounts. I prefer the static so will focus on that. Trailing accounts are typical intraday trailing. Static accounts have no DLL, TOffers rithmic connect (no ninja) and just launched a proprietary platform. 50% Consistency on evals. you can have 15 evals at one time.DCA yes. News Yes. No HFT and 30% Consistency on funded accounts. Min profit to count as a trading day which is \$200 for the 50K account. Payout caps (\$2000 for the \$50K account.) Currently in a legal battle with Apex. | 5  | \$100                        | \$130 all account sizes  | 8   | On<br>Demand<br>Payout                                | Best promo Code: VUYASSYE   | No. I am avoiding this prop for now due to the ongoing Apex litigation.  |
|     | Phidias  denial that is highly                     | 3   | Trailing end of day drawdown. Becomes static at starting balance plus \$100 once buffer target is reached. News trading is allowed. Copy trading allowed. No bots. 30% consistency.  DCA is allowed now   | 5 Cash<br>Fund + 5<br>Cash<br>Swing<br>effective | \$27.50                      | \$177.00<br>lifetime set up  | 10 days for payout of \$2K on withdrawal 1-3 and then | up to 5<br>and paid<br>once a<br>month or<br>120 days | Do not currently recommend  | Warning - I have cancelled this propaffiliation and no longer recommend them due   |

| questionable!               |   | They have a \$1M Master account!  \$50K swing account is same price as standard account!  25K Static Account is live now. \$500 daily LL  Rithmic only. Can trade on Quantower, Sierra, Atas, Bookmap etc Rise payouts  | 1/11/25. Prior accounts will be grand fathered |                              |                                      | no limit or<br>trading day<br>restriction<br>Pay on<br>demand        | then on<br>demand<br>no limit  |                                      | to a \$34K trader payout. denial. They accused the trader of rithmic manipulation and refuse to provide any trader logs. Rithmic is unable to confirm and is unaware of how it is possible to manipulate their data.  No other payout denial reports since this one |
| TopStep                     | 2   | End of Day Drawdown. 50% Consistency only in evaluation phase. New rules added - terms about consistent contract sizing, consistent profit targets (no more hitting the last 200 on day 4-5 to get to payout. Many payout denials reported and profitable traders have been canceled and can no longer trade with top step.  Can trade on Ninja rithmic connect), Tradovate, Quantower, Sierra and many more. Payout via ACH / Wire / SWIFT. You cannot multi prop topstep with other props on ninja, they don't offer coupon codes, 30 "winning days" needed to full payout. | 5  | \$49.00                      | \$149.00                             | 5 winning<br>days for 50%<br>and need 30<br>winning days<br>for 100% | Fast<br>payouts is<br>what most<br>people<br>report  | Caution Advised                      | No - I cancelled over recent changes to policies and payout denials  Warning - I have gotten multiple complaints about payout denials and account closures since late March 2025  |
| Funded<br>Futures<br>Family | 2   | Tradovate Prop Firm (Ninja). Also Tradingview. EOD Drawdown. Max loss \$3000. 40% Consistency. Danny recently exited this prop now one CEO. I think that is a positive sign. No microscalping (5 seconds). DCA Ok. NoTier 1 news on funded. Payout Request on demand once targets are reached.  | 4  | \$150 per<br>month           | Not stated                           | 7  | Seven winning days of 200+ and meeting 40% consisten cy. can withdraw up to 60% of your profits at each payout. 90/10 split. | Caution Advised                      | Waiting to see how time goes for this prop firm. Might be interested if things settle with new leadership   |
