	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
#1	Take Profit Trader	5	50% Consistency. No Major News, EOD Draw in eval to Trailing in the live account until you reach drawdown +\$100 then it becomes static. No Consistency in the Live Sim. No Bots/Algos NinjaTrader (with CQG), Tradingview, Quantower, Multicharts, Motivewave, Sierra Charts and Finamark. Rithmic and CQG Options. Payouts via wire or wise.*Check that your country is on the approved list for Pro+ (live account). Live sim capped at 10K Profit will move to Pro+ live account. No Daily loss limit effective 1/12/25	5	\$119.00	\$0 No activation or ongoing monthly fees	0 – PAYOUT ON DEMAND	Super fast and often same Day Payout	FOR THE BEST CURRENT PROMO USE CODE: ARMYNAVY 30% OFF AND no set up fee is back!!!	<u>Yes!</u> I am trading here super fast same day payouts, inexpensive accounts and they allow 5. Can trade on Ninja via tradovate. Solid Payout History and favorable rules.
#2	My Funded Futures	2	Strict rules against scalping that include a min amount of time in trade and a min number of 5 points. no news and no bots. Can trade on Ninja, Rithmic, Tradovate, Quantower, and new DX Feed connects VolSys and VolBook. Payouts via Rise. Really fast payouts! Tradovate approved with Ninja. They have launched Trading View!	3 Live Sim and 1 Live Max	\$127/mth starter plus \$97 for starter	\$0	varies by plan	Fast payout on approval	Starter Plus Accounts are 25% CODE: ARMYNAVY	<u>Yes!</u> I have funded 100K Started plus accounts is my preference
#3	Tradeify	1 for eval accounts or skip eval with direct to live!	Traditional Evals to funded or skip the eval and go <u>direct to funded!</u> Daily Loss limit is 50% of total loss limit and is a soft breach – if you hit it you are just locked out for the day. DLL ends when account milestones are reached. No HFT - more than 50% of trades must be 5 seconds or longer DCA is allowed. 20% Consistency rule applies to S2F, 35% On growth & advanced accounts. Limits on first few payouts and all payouts are now 90/10 split. Live sim cap is 80K. Great rules for the live accounts. Tradingview and Tradovate with Ninja access. Can move to a live account after 3rd payout. Lightning Payouts via Rise.	5	\$300 ish for S2F \$97 for Growth/ \$48 for Advanced	None for straight to funded or Growth accounts	Currently can request after 10 trading days. There are 3 payout windows to request per month	24 Hours!!	<u>30% OFF ALL ACCOUNTS</u> <u>40% OFF ALL ACCOUNT SIZES FOR NEW USERS</u> CODE: ARMYNAVY No set up fee on GROWTH Accounts - best deal imo	<u>Yes!</u>
#4	TickTick Trader	1	Daily limit is a soft breach on Tick Tick Direct accounts BUT NOT ON Evaluations. Don't hit the DLL on the eval or you will fail. Copy trading allowed. 30% Consistency on funded stage not on eval stage. I prefer the TickTick Direct accounts. They provide level 2 data for one instrument. Can trade on Ninja, ProjectX	3	\$84 for the 50K Advanced	\$130.00 except \$100K Account is \$249.00	On demand when you reach payout. Starting with your second payout, you'll	5 days is standard	45% Off S2F Accounts Code ARMYNAVY 40% Off 50K, 100K and 50K Starter Accounts Code: ARMYNAVY40	<u>Yes!</u>

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
			Bookmap, Jigsaw or Quantower. Payouts via Wire or Coin No Scalping on the open rule has been removed you can now trade the NY open				need to hit a 2% profit target per cycle, maintain a balance above the threshold, and meet the 20% consistency rule.		\$50K S2F is \$270.00 (Project X only). Code: ARMYNAVY50	
#5	Legends Trading	5	This prop owns a brokerage and offers a REAL path to live with daily payouts, no monthly data and opportunity to scale up account size. CONSISTENCY IS 30% NO FLIPPING. NO BRACKETS. Ninja, Tradingview or Tradovate is allowed. There is a minimum payout of \$1,000 for any payouts requested during the first and second payout, with a minimum account balance threshold after payout. Split is 90/10 They offer pro account resets for pretty cheap!	10	\$55.00 (-70% Off)	Varies by account size - \$159 for the 50K Account	10 LIMITS ON MONTHLY WITHDRAW. MONTH 1-3 IS \$2000 FOR THE 50K ACCOUNT	5 days	80% OFF CODE: ARMYNAVY	<u>YES!</u>
#6	Trade Day	7	No News. 30% Consistency. This is most like a real funded account. End of day drawdown on evaluation. Can trade on Tradovate, Ninja, Tradingview and Jigsaw with your own license. Can use your own bot/algo but no commercial ones. Payouts via Rise. <u>Note they WILL decline you for the live account if they do not like your trading style during the evaluation stage. Best to trade the eval like the funded and show consistency vs Yolo.</u> Split is 80/20 on profits withdrawn to \$50k. 90/10 on profits withdrawn \$50k-\$100k and 95/5 on profits withdrawn over \$100k	1	\$75 for Intraday/ \$99 for EOD TMD	\$139.00 Monthly	1	On demand	FOR THE BEST CURRENT PROMO USE CODE: ARMYNAVY CURRENTLY 40% OFF	<u>YES!</u>
#7	Blusky	No specific number required	Premium account rules are 30% consistency, Daily LL, Trailing Draw. No Consistency or DLL on Funded. Drawdown becomes static once the buffer is reached. <u>I prefer the static accounts at</u>	2 (+1 one in reserve)	\$99.00	\$140.00 must pay this before starting live account	1	Same Day Payout	Use this link for the best current promo CODE ARMYNAVY FOR 25% OFF ALL ACCOUNTS	<u>Yes I am waiting on my live funded account to be set up.</u>

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
			this prop when on sale. Tradovate (Ninja) or Rithmic. Daily payouts in live. Spilt is 90/10							
#8	Funded Futures Network	4	3 year old company with thousands of traders. ability to schedule a zoom call if you need support. Must be above threshold to request withdrawal at a \$1K min. 80/20 payout via paypal, bank wire or ACH. Rithmic or proprietary. They provide EdgeProX free (juiced up quant). You can trade on Quant, Sierra etc if it supports rithmic. \$126 monthly data fee once moved to live. Can trade news only on eval. Drawdown is trailing but only calculated once trade is closed (not open). You can swing. Company has a NYC office.Nothing stated about microscalping , DCA ok. Must not trade red news events or when Powell is speaking one minute before. Violating this policy will fail account. They use finanicaljuice.com for news alerts so always check that site 40% consistency for standard/25% for express	5	\$98	\$120 activation fee then \$126 data fee only charged for one account only (even if you have all 10) and it comes out of brokerage account	none just meet buffer and limit for payout.	24 hours	30% OFF ALL ACCOUNTS! Code: ARMYNAVY	<u>Yes!</u>
#9	Savius (Good for micro scalpers).	S2F	DX Feed (no plan for tradovate) Volumetrica, Quantower, Atas. Soft breach daily LL is 50% now. Payouts via Rise or bank wire Drawdown is 5% Of Account Size Intraday based on <u>highest closed position (open positions do not calculate so You can swing).</u> Becomes static at starting balance after 1st payout. You can trade treasuries and Eurex DCA allowed, No Major news Scalping: No more than 3 trades less than 3 ticks per day.	5	With link \$551 Note: bigger discount for multiple accounts	Must pay roughly \$80 a month for live data feed even in live sim, however, you are only charged the \$80 per month even if you have 5 accounts.	10 winning days until 1st payout and then only 5 winning days for remaining payouts.	10 days or you can purchase add on to get paid within 48 hours. Must hit 7% target can. Limits on initial payouts. \$2200 for 50K account	FOR THE BEST CURRENT PROMO PRICING USE CODE: ARMYNAVY	<u>Yes!</u> I am trading here and really like these accounts. Fast payouts I am trading them on quantower.

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
#10	The Futures Desk	5+	Pick your own plan! Very cool dashboard and proprietary trading platform. Now open to all traders and they offer Rithmic. I am using Quantower (free version works great) but you can use Sierra, Motivwave, Jigsaw etc. Free EPT Trade copier License - can use to trade on ninja!	2	\$279	\$0 set up fee	0 pay on demand		CODE: ARMYNAVY	<u>Yes!</u>
#11	Purdia Capital	5	End of day and intraday drawdown account options. No rules on consistency, scalping or news. You can scale in "DCA". Move into real live account from eval. They have access to Tradovate , Tradingview or rithmic connects. Can Use Ninjatrade. 90/10 profit split (older evaluations still have 70/30 split)	1	\$179.00	\$130.00	10	On demand in live	For the Best Current Promo 25% use Code DOK	Yes.
#12	The Trading Pit	3	Daily Loss is a soft breach. No news. They scale allowed contracts cannot trade max contracts on day 1. 40% Consistency. You can only copy trade 5 accounts at a time. Can trade on Tradovate, Ninja, Tradingview, ATAS, Quantower and R/Trader. also functional with Sierra Charts, Jigsaw & Volfix, although for these platforms you would have to have your own license. Currently support bank wire transfers and cryptos for withdrawals. They support international wires No set up on classic accounts and \$129 Set up on Prime accounts. 80/20 profit split.	No limit	\$99.00 (one time fee)	Monthly data fee in live is around \$129 same as the other props	10+ profitable days (\$200+) for 1st payout. 5 profitable days for 2nd payout then can request payouts weekly.	1 day for approval and payouts Every Friday	FOR THE BEST CURRENT PROMO 20% off USE THIS LINK AND CODE: ARMYNAVY	<u>Yes.</u>
#13	Bulenox	None	40% Consistency is the only rule on the live sim PA account. Intraday trailing Drawdown until becomes static at breakeven plus \$100.00 for Option 1 accounts and there is an end of day trailing for option 2 accounts. Can trade on Ninja, Quantower, Atas, Sierra, Bookmap and many others. Payouts via ACH/Wire Transfer, Paypal, Zelle. <u>check the account set up fees on the larger accounts they are very high. Recent rule changes – contract consistency!</u> You you can only copy from one Bulenox account to another Bulenox. No multi propping. First \$10K then 90/10 profit split.	11	\$192.00 for 50K account (FULL PRICE)	Range from \$98.00 to \$898.00	10	15 Must maintain buffer.	KELLY75 - 75% OFF ALL OPTION 2 Accounts KELLY83 - 83% Off Option 1 Accounts	<u>No.</u> They no longer allow copy trading with other props. They have implemented new consistency rules I don't like.
#14	Alpha Futures	10	JUST LAUNCHED TRADOVATE/NINJA!!! NO BOTS, Soft breach Daily Loss Limit. 40%	3	\$79.00	\$149.00	10	Every 14 days (90/10)	FOR THE BEST CURRENT PROMO 30% Off Standard	Yes! I am trying the \$150K Advanced Plan

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
			Consistency (funded) 50% Consistency (Eval), scaling contracts. Payouts via Rise ZERO Commissions!!					or every 5 days for advanced plans (\$200 min profit required)	USE CODE: HOPE	
#15	Tradefundrr	5 days of \$250 or more profit	This prop is part of the companies that own SMB Capital. They are a live desk and they offer Futures (newer) but are much more established with stocks and options trading props. So new to futures but a well established company. They are tradovate approved so another ninja prop. Also offer Dx feed. They offer S2F and more traditional evals. You can have 10 S2F accounts here the data is populated for the incubator plans on this chart. Look at the S2F for the Instant funding plans. Payout via wire or paypal. Copy trading allowed. Must hold trades for 30 or more seconds. 20K max payout in live sim per account. Daily loss is a hard stop – will fail. DCA Allowed. No news (read news rules) and no bots. 80/20 profit split	5	49.00 per month	\$149	5 days of \$250 or more profit	Just says fast	Not offering any coupon codes they are priced at the value they think is fair and will not engage in coupon code wars with other props.	<u>Not currently. The rules are a bit challenging in order to copy with my other account but I plan to give them another try soon.</u>
#16	Phoenix Trader Funding	3 or 10	3 days for classic accounts with 200+ profits or 10 days in Ascension (static) accounts. They also have static accounts. No flipping. 30% Consistency. No news. Payout by Paypal, Payoneer or “just payout”. Payout limitations. Buffer required.Rithmic can trade on Sierra or Quant, Atas etc	5/3	\$89-270	0	10	unstated	USE LINK FOR THE BEST CURRENT PROMO <u>AND CODE: UtOXkGB</u>	
#17	OneUp Trader	10	In Intraday “real time”Trailing drawdown No DCA rules. Daily LL on on funded side. No microscalping Complicated consistency - “ Traders must have three (3) other best trading days' net profits total summed up to equal 80% or more of the largest day's net profit ” Payout via wire transfer once threshold met.	3	\$150	None	10	not stated	FOR THE BEST CURRENT PROMO USE CODE: ARMYNAVY	
#18	Traders Launch	3	Proprietary platform or Quantower for eval stages and Interactive Brokers, NinjaTrader, or T3 Global or other for live funded account. They have multi stage evaluations you can pick from	1	\$109	0	when you are above 1% target	3 days	SAVE 15% WITH CODE ARMYNAVY	<u>YES</u> I did try them and busted my eval. Target accounts sizes coming

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
			. EOD drawdown. 100K for starting balance on evals. 1% buffer to withdraw. Split is 80/20 and payout via wire or crypto. Looks like there is no live sim stage eval right to live funded. Trading hours are locked to the New York Session, as it is the highest liquidity session with the most opportunity. Hours are 9:30am - 4pm EST Timezone							I will try again when they launch.
#19	Humble Futures Funding		Offer traditional and S2F. Can trade on quantower - free version. No Daily LL. 30% Consistency. You can't have more than 25% of trades below 12 ticks for NQ and 4 ticks for ES. News trading allowed. Limitations on payouts – ie \$2000 per payout limit on \$50K account. Note they require proof of prior payout to purchase an Instant Funding account. Intraday trailing drawdown. You can not trade max contracts at one time.	25	\$181-500	there are three different activation fee options: \$79.99 - \$210!	8 days	3 days	90% Off Standard Path Accounts Code is PATH90	Maybe, I will be interested in the Instant Funding when there is a good sale offered
#20	Earn2Trade	10	Daily loss limit (hard breach will fail). Consistency is 30%. No scaling into positions. not new. Rithmic connection only. Can trade on Ninja, Finamark, Bookmap, Atas, Jigsaw, Quantower and others. Withdraw via wire or crypto. There are cheaper options with less rules. 80/20 profit split.	3	\$76.00	\$139.00 monthly after 1 st payout	Weekly once funded.	Weekly	FOR THE BEST CURRENT PROMO (60% OFF) USE THIS LINK CODE: ARMYNAVY	Yes! They are an OG prop in business many years and have a good career path plan that is affordable. They do move to live when you pass. Weekly payouts.
	DayTraders.com Currently in litigation with Apex.	4	Offer trailing and static accounts. I prefer the static so will focus on that. Trailing accounts are typical intraday trailing. Static accounts have no DLL, TOffers rithmic connect (no ninja) and just launched a proprietary platform. 50% Consistency on evals. you can have 15 evals at one time.DCA yes. News Yes. No HFT and 30% Consistency on funded accounts. Min profit to count as a trading day which is \$200 for the 50K account. Payout caps (\$2000 for the \$50K account.) Currently in a legal battle with Apex.	5	\$100	\$130 all account sizes	8	On Demand Payout	Best promo Code: VUYASSYE	No. I am avoiding this prop for now due to the ongoing Apex litigation.
	Phidias denial that is highly	3	Trailing end of day drawdown. Becomes static at starting balance plus \$100 once buffer target is reached. News trading is allowed. Copy trading allowed. No bots. 30% consistency. DCA is allowed now	5 Cash Fund + 5 Cash Swing effective	\$27.50	\$177.00 lifetime set up	10 days for payout of \$2K on withdrawal 1-3 and then	up to 5 and paid once a month or 120 days	Do not currently recommend	Warning - I have cancelled this prop affiliation and no longer recommend them due

	Company	Trading Days Required Evaluation	Basic/Important RuRankles/Platforms	Number of Funded Accounts Allowed	Cost for \$50K Account	Set Up and or Monthly Data Fee	Trading Days Until Can Request Payout	Days Until Payout Approved	Current Promo Code & Website Link	Am I trading with them? Y/N & Why
	questionable!		They have a \$1M Master account! \$50K swing account is same price as standard account! 25K Static Account is live now. \$500 daily LL Rithmic only. Can trade on Quantower, Sierra, Atas, Bookmap etc Rise payouts	1/11/25. Prior accounts will be grand fathered			no limit or trading day restriction Pay on demand	then on demand no limit		to a \$34K trader payout. denial. They accused the trader of rithmic manipulation and refuse to provide any trader logs. Rithmic is unable to confirm and is unaware of how it is possible to manipulate their data. No other payout denial reports since this one
	TopStep	2	End of Day Drawdown. 50% Consistency only in evaluation phase. New rules added - terms about consistent contract sizing, consistent profit targets (no more hitting the last 200 on day 4-5 to get to payout.Many payout denials reported and profitable traders have been canceled and can no longer trade with top step. Can trade on Ninja rithmic connect), Tradovate, Quantower, Sierra and many more. Payout via ACH / Wire / SWIFT. You cannot multi prop topstep with other props on ninja, they don't offer coupon codes, 30 "winning days" needed to full payout.	5	\$49.00	\$149.00	5 winning days for 50% and need 30 winning days for 100%	Fast payouts is what most people report	Caution Advised	No - I cancelled over recent changes to policies and payout denials Warning - I have gotten multiple complaints about payout denials and account closures since late March 2025
	Funded Futures Family	2	Tradovate Prop Firm (Ninja). Also Tradingview. EOD Drawdown. Max loss \$3000. 40% Consistency. Danny recently exited this prop now one CEO. I think that is a positive sign. No microscalping (5 seconds). DCA Ok. NoTier 1 news on funded. Payout Request on demand once targets are reached.	4	\$150 per month	Not stated	7	Seven winning days of 200+ and meeting 40% consistency. can withdraw up to 60% of your profits at each payout. 90/10 split.	Caution Advised	Waiting to see how time goes for this prop firm. Might be interested if things settle with new leadership
