Good afternoon all!

I hope you're having a wonderful day! We always have many activities and events that allow our students and staff to shine! Here are some of the great things happening this week in grades 7-12!

- The students are back at it working hard on their course work!
- Mr. Parr has the 8th graders in the woodshop and they're sawing away at it! Mr. Parr is very proud of the 8th graders and the great things they're making already!
- Mrs. Palmer applied and was awarded a grant to help seniors with FAFSA.
- Mental Health Day is in the planning stages for May 1st.
- 8th grade discount cards will soon be available for purchase! Make sure to find an 8th grader to help them fundraise for their 8th grade trip!
- Cross Country and Volleyball banquet was yesterday! We are so proud of all the work these students have put in.
- 2 students are attending honors band as they play alongside band students from across the Upper Peninsula!
- Building trades students took a couple days and made decorations for the front marquee

This is just some of the great news from this past week and year so far. Every week there will be some new news, and I hope you are able to find joy and excitement in these letters to continue celebrating the success of all in our great school.
