

## 2025–26 NEW TEACHER COLLABORATIVE

The New Teacher Collaborative is a monthly Zoom meeting designed to support new teachers on a variety of topics aligned to the Teaching and Learning Framework. To ensure immediate impact, the collaborative provides practical skills and tools that new teachers can implement right away in their classrooms, empowering them to build confidence and effectiveness. Additionally, it encourages the sharing of best practices, including effective teaching strategies and classroom management techniques, among participants to foster a collaborative learning environment.
