

What is MyCBGenie?

[ClickBank® products](#) can be promoted using different methods, however the most effective and the proven way is to build an online storefront. [MyCBGenie](#) could be considered a gift for all the affiliate marketers because it is the ultimate WordPress plugin developed for those people who want to earn money by promoting affiliate products from ClickBank®.

The hardest part in building your own ClickBank® Store is the decoding of [ClickBank's Marketplace](#) XML data-feed and extracting the product details that only developers can do. This where MyCBGenie comes into work with an easy-to-plugin solution.

[MyCBGenie ClickBank Store Builder](#)

Features: MyCBGenie Review

WooCommerce Ready

[MyCBGenie is WooCommerce](#) ready, which means that you can turn any WordPress site into a storefront in no time.

Auto Sync

The product database on ClickBank® is not fixed; it keeps on adding or removing products from their database every day. Moreover, [MyCBGenie's auto-sync](#) feature ensures that your ClickBank® Store is updated daily as per ClickBank®'s changes via automated CRON jobs.

Products Defined

MyCBGenie allows for redefining the title and description of all [ClickBank® products](#) to frame for potential buyers. Also, outdated and junk products are removed while reviewing.

Product Images

You can import product images from entire [ClickBank® database](#) on to your WooCommerce store. It not only improves the appearance of the store but also increases the conversion ratio.

Custom Edit

You have the flexibility to change the default product descriptions or the cover images to make your post SEO friendly. In addition, these details will not be ever affected after followed by a SYNC operation.

Link Cloaker

Your affiliate links are safe from getting hijacked because [MyCBGenie masks](#) all the product links with your ClickBank® ID internally.

Advantages

- It's very cost effective.
- Simple to install and set-up.
- It offers the opportunity to promote over 4,000 info-products through a single platform.
- Instead of displaying a screenshot of [product websites](#) that look may ugly in your store, it imports the original image of the product.
- It gives a proper feel of an e-commerce store website.
- You can add Products from other affiliate networks such as Amazon etc.
- Most of the products have a 60-day money-back-guarantee which helps you to gain the buyer's confidence.
- It offers buyers to filter products using the performance factors such as that are based upon various statistics that obtained from [ClickBank Marketplace®](#) and a few third-party providers such as Alexa®.
- Furthermore, should you want to turn your passive visitors into buyers, you may set up a newsletter subscription form to create a customer opt-in-list and email them periodically.
- According to our study, the sales conversion rate is improved by 285%, when ClickBank® products are clubbed through an online store rather than promoting products individually.
- It comes with **"Full 30 Day Money Back Guarantee"**.
