

SL: Welcome to CreatorHunter 🏹

Body:

Hey {{firstname}},

Welcome to CreatorHunter, glad to see you on board!

We just got the notification that you signed up.

Even though this is an automated message, we want to say hi and let you know we're real.

I'm Paulius... and this is Gabe typing right now. We're the founders of CreatorHunter.

We want to know how you're getting started with CreatorHunter.

Did you get to your AI list yet?

We'd be happy to do a personal demo of the full app on Zoom.

Hit reply and let us know, we *personally* respond to **every** email :)

Thanks,
Paulius & Gabe

P.S. Have you checked out Outreach Agents yet?

Founders use it to automatically email and onboard creators in their list, saving 50 hours every week.
