EXPERIENCE SUCCESS TOGETHER
PIKI KOTAHI KI TE TAUMATA

Science Level 1 **Westland High School**

Science (11SCIE)

Course description:
In Science, students will learn about science as a knowledge system: the features of scientific knowledge and the processes by which it is developed; and learn about the ways in which the work of scientists interacts with society. They develop knowledge of the vocabulary, numeric and symbol systems, and conventions of science and use this knowledge to communicate about their own and others' ideas. Students who study science will be able to bring a scientific perspective to decisions and actions.

Course objective:
This course is aimed at preparing students for success in multiple senior Science courses in Year 12 and beyond.

Credits available:

Standard	Description	Int/Ext	Credits
92021	Demonstrate understanding of chemical reactions in context	I	6
92022	Demonstrate understanding of genetic variation in relation to an identified characteristic	E	5
92045	Demonstrate understanding of a physical phenomenon through investigation	I	5

Leads to:
NCEA Level 2 – Ag/Hort, Biology, Chemistry and Physics
