

Benefits for supporting publisher organisations 2023

Basic Contribution	Sustaining Contribution (25% higher than Basic)	Premier Contribution (50% higher than Basic)
Your logo on our website A Tweet from the DOAJ account (23,000 followers) acknowledging your organisation as a Supporter	Your logo on our website An interview-style blog post on blog.doaj.org (~12,600 views per month) recognising your organisation as a Contributor, with questions about the state of open access and other current developments in open access scholarly publishing A one-pager for journal editors explaining, in general terms, how article metadata is ingested, and then pulled downstream by discovery services. General presentation or documentation for raising awareness among your stakeholders about the benefits of DOAJ, the work we do and how DOAJ benefits individual journal titles.	Your logo on our website An interview-style blog post on blog.doaj.org (~12,600 views per month) acknowledging your organisation as a Contributor with questions about the state of open access and other current developments in open access scholarly publishing A one-pager for journal editors explaining, in general terms, how article metadata is ingested, and then pulled downstream by discovery services. Dedicated presentation or documentation, tailored to your organisation, about the benefits of DOAJ, the work we do and how DOAJ benefits individual journal titles. Written as a joint document with the publisher. A yearly account review between the customer and DOAJ. The agenda can be determined by the publisher contact and a DOAJ representative.
