

## **Dudley's Six Smashed railway lines!**

1. Dudley to Wolverhampton
2. Dudley to Brum
3. Dudley to Halesowen
4. Brierley Hill to Gornalwood via Pensnett (20 Kms Black Country Cycle-Walk Mudway from Saltwells NNR to NW Wolverhampton via Wombourne)
5. Wall Heath to Gospel End via Baggeridge Country Park.
6. Derby, Dudley, Devon principal mainline via Lichfield, Walsall and Worcester.  
This is the 120 Kms Black Country Railway "of national strategic significance".  
The existing but unused 56 Kms, from 2026, will have trams on 6 Kms to make it the world's first train-tram-train principal mainline railway "of national strategic significance". What a waste as we all sit in traffic jams next to, parallel to, or nearby to the forgotten railway!
