If you have any comment, complaint or critique about these stores, please don't hesitate to contact me and I'll try to contact them.

Digital Copies:

The ONLY way right now to officially get STLs of my models is only through [Patreon](#) and [Itch.io](#)

****If you see someone that is selling/distributing physical copies and/or digital copies and it's not on this list:**

Then they are **NOT** affiliated with me, so please try to avoid them because they could potentially be scammers, are stealing from me and other Artists and if it's in your power please report them.

PS: People can still do one-off sales of prints of my models as long as they give me credit.
