

Applicant Information [Guidance Note]

- **Name of Applicant & Applicant's Representative [If Applicable]:**

If you are a legal person applying for any of the roles within the SSSF Sub-committee, please input the name of the legal person. In addition, please also input the name of the representative who will serve as the point of contact for queries in relation to the application so submitted.

- **Email Address:**

Enter a valid email address that you regularly check. This email address can be used by the ADPC for communication regarding your application, so ensure it is accurate and up-to-date.

- **Telegram Handle (if applicable):**

If you have a Telegram account and are comfortable sharing your handle, provide it here. Telegram handles typically start with the "@" symbol followed by your username. This can be used as an alternative means of communication by the ADPC.

- **LinkedIn Profile (if applicable):**

If you have a LinkedIn profile and it is relevant to the role you are applying for, provide the URL or your LinkedIn profile name. LinkedIn profiles are a way for the organization to learn more about your professional background and experience.

- **Primary Languages Spoken:**

List all languages you are fluent in so as to ensure effective communication throughout the process.

- **Disclosure of other time commitments:**

Please describe any significant commitments, such as other roles and responsibilities, that might affect your availability or capacity to dedicate time to the SSSF Sub-committee.

- **Qualifications:**

Detail your educational and professional qualifications that are relevant to the role you are applying for within the SSSF Sub-committee. This may include degrees, certifications, or specific training related to security, legal, financial, operational, or technical disciplines.

- **Objectives & Motivation:**

In the 'Objectives and Motivation' section, the applicant should ideally summarise what was the main impetus behind the intention to apply for the corresponding seat of the SSSF Sub-committee. In addition, the application should highlight some tangible goals or rather, achievements, that are in mind should the applicant be elected.

- **Examples of Track Record:**

Provide details about your relevant skills and experience, including any previous work or contributions related to the subject-matter area(s) you are interested in within the SSSF Sub-committee.

- **Security Expertise (if applicable):**

Explain any specific expertise you have in security. Detail relevant roles, responsibilities, and projects that demonstrate your experience in the area.

- **Legal Expertise (if applicable):**

Describe your background in law, particularly those areas pertinent to blockchain, digital security and procurement frameworks. Include any specific legal qualifications, roles in legal departments or firms, and involvement in relevant legal cases or advisory capacities.

- **Procurement Expertise (if applicable):**

Detail your experience and skills in procurement, particularly those relevant within the SSSF Sub-committee, outlining prior roles and responsibilities, specific procurement projects you played a significant role in, innovative approaches you have used or may consider using within this context, achievements, etc...

- **Strategic Expertise (if applicable):**

Elaborate on your skills and experiences in strategic planning and execution to reflect your ability to contribute effectively to strategic initiatives within the context of the committee's goals.

- **Operational Expertise (if applicable):**

Outline your experience in operations, including information about your role in this regard, the scale of operations you have managed, and the challenges that you overcame.

- **Financial Acumen:**

Provide details on your experience with financial management, including budgeting, financial planning, and cost analysis, amongst others. Mention any relevant roles that have required strong financial oversight and decision-making.

- **Technical Proficiency:**

List the technical skills and technologies you are proficient in, inclusive of any software, languages, tools or platforms.

We wish all applicants the best of luck and look forward to your applications!

Regards,

ADPC
