

Pre-Discussion Board

Please use this doc to share any questions, concerns, or comments pertaining to the previously shared program proposals. Anyone can use this space to leave questions for the program directors to address by Monday 3/11/24 at 12 pm.

- For Heal the Bay's \$10,000 estimate, would 900 students with staffing funded, 500 students with staffing and transportation funded, *and* 250-300 students with all expenses funded? Or is it that we choose one of the three options?
- For L.A. Goal, what percentage of each of the program's total budgets are being funded with each award amount? (e.g. at \$50,000: 50% of the Adult Education Program is funded, 25% of the Self-Defense Program is funded, etc.)
