E.D.M Summative Assessment: Modified

Scenario: In class, we have learned about how the United States makes other countries do what it wants. We talked about different ways the United States can do this. One of them is using diplomacy. Another one is using economic pressures. The last one is using the military. We are going to work together to create a **Piktochart**. With the Piktochart, we are going to define each of the three methods. Then, I would like you to tell me which one you think works the best. You can use a presentation or an infographic. The chart will include the following.

Format:

- 1.) Title- Have a catchy title. Using the methods of diplomacy, methods of economic pressure, or military involvement. (2pts.)
- 2.) Define each of the separate methods (9pts)
- 3.) *Evaluation*- Which one do you think works the best (7pts)
- 4.) Quality and appeal section: use of images
