

Agile Forecast Solutions Privacy Policy

Last updated: May 16, 2025

This Privacy Policy explains how we collect, use, disclose, and protect your information when you use our software applications (“Apps” or “SaaS Products”) available through the Atlassian Marketplace. By using Our Services, you (“User,” “You”) agree to the practices described in this Privacy Policy. If you do not agree, please do not use the Services.

1. Information We Collect

We do not store any of your information. This includes user data, company data, or data from your Jira projects. All of our processing is done at runtime only, and we do not store any of the data we process.

2. Data Security

We do not store any of your data, but we will take the necessary steps to make sure that the data we do process is not accessed by any unauthorized users. In the event that a data breach of any kind happens, we will work to inform you promptly and notify you of any impact.

3. Third-Party Services and Hosting

Our Apps may use third-party services (e.g., Atlassian) for hosting or to deliver functionality. These third party services may retain the information we process on their own, but we do not intentionally store any data via those services.

4. Cookies and Tracking

Our Apps do not use cookies or tracking information. Third-party services integrated with our Apps (e.g., Atlassian) may use cookies or tracking technologies, subject to their own privacy policies.

5. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. The updated version will be posted here with the “Last Updated” date. Your continued use of the Services after changes are posted constitutes acceptance of the updated Privacy Policy.

6. Contact Us

If you have questions about this Privacy Policy, contact us at: info@agileforecastsolutions.com
