

Researching on the Internet

Use **search engines** to look for information on the Internet.

You can find more sites by using more than one search engine because different search engines will give you different search results.

Use a search engine that helps you find information easily and leads you to find information that you can understand.

Kid Friendly Search Engines

Search Engine	URL (Internet address)
Awesome Library	http://www.awesomelibrary.org/
Safe Search Kids	http://www.safesearchkids.com/
Sweet Search	http://www.sweetsearch.com/

Online Reference Sites

Reference Site	URL (Internet address)
Encyclopedia Britannica	http://www.school.eb.com/elementarygsd/gsd
Fact Monster	http://www.factmonster.com/encyclopedia.html
KidsKonnnect.com	http://www.kidskonnnect.com/
World Book Kids Online	Kids - World Book Online glencoe/glencoe
