Course Requests

The window for students to request classes for the upcoming school year is officially open! Last week, students spent time in school exploring their options and entering their preliminary choices.

The Deadline: All requests must be finalized in the [Student Portal](#) by **Friday, March 13th**.

Next Steps for Families: We encourage you to sit down with your student and have them show you their selections in the Student Portal. This is a great opportunity to discuss:

- Their specific course interests.
- The **academic rigor** and balance of their overall course requests.

Counselors will be meeting with every student next week regarding their course requests. For more details, please visit the [Central Website](#) or review the [Advisory Slides](#) presented to students last week.

Thank you for your flexibility and support of our students!
