George Green clarifies role in Meier case

Editor's Note: On his official Swiss website, UFO contactee Billy Meier attacks the "critics, liars and cheats" who he feels have wronged him. One of these is publisher George Green. In the document at <http://www.figu.ch/us/critics/contra/green.htm> Meier writes: "We, the members of FIGU, vehemently distance ourselves on our own behalf, and in the name of the Pleiadians, from George Green's false and deceitful schemes...." Meier accuses Green of using Meier's material without permission and falsifying alien entities.

Now George Green has written to us in response...

Looking at the Billy Meier material listed on the net, my name came up as a detractor of Billy Meier, not true. The following is a brief history of the participants of the saga. We ran across a book of Lee Elder's CONTACT FROM THE PLEIADES VI. In it were pictures that I was familiar with after seeing a craft at Edwards AFB IN 1958 IN A HANGAR WHILE ON DUTY. I flew to Phoenix and agreed to finance the publishing of Volume II, which I did. Lee Elders welching on his signed agreement, caused me to file suit against him and later settled (taking a bath) This led me to Billy directly in Switzerland, where I was first turned away. Billy's associate came to our hotel the next day with a message from Quetzl, and we then were invited to spend a few days with Billy and finding out the validity of the case. We were sure that he was in contact and were given information and other occurrences happened that confirmed same. We took pictures of things OURSELVES and

has spacecraft follow us IN THE US to remind us of the agreement we made in Switzerland. Subsequently we were approached by EJ AND DORIS EKKER, who also claimed to be in contact with the Et's and the ASHTAR COMMAND. We foolishly financed and bought into that lie. The Don Ekker, writeup was critical of us when some of the material that was being financed/published by us contained references to the so called Jews, that was an affront to them and they called me anti-semitics, whatever that means to them. For clairification of the term, read" THE THIRTEENTH TRIBE" BY Arthur Koestler and also "FACTS ARE FACTS" by Benjamin Friedman. In our dealings with the Ekkers/Meier, The problem came up on rights of the Immanuel Story, which then because of the associate caused Billy to be upset with us. Billy has a problem in that he thinks he is the only one in contact. There are more. That is enough to clarify some of the nonsense. WE KNOW BILLY WAS IN CONTACT!!!! Please correct or add for clarification to the comments. George Green
