- [Maps & Mode Winter Update Overview | Halo Infinite](#) - by Halo
 - Argyle
 - Set within the narrow corridors of a UNSC vessel, Argyle comes to Halo Infinite as one of the first multiplayer maps to be built entirely within Forge.
 - This tight, indoor, symmetrical map makes for a competitive arena environment that showcases merely a fraction of what the Forge tool is capable of.
 - Detachment
 - Also built entirely within Forge, Detachment comes to Halo Infinite as an all-new symmetrical arena map.
 - Set atop a rocky outcropping, this once-abandoned UNSC research facility is composed of indoor and outdoor environments, providing opportunities for dynamic combat that suits a variety of game modes and play styles.
 - Covert One Flag
 - Covert One Flag joins Halo Infinite as a unique variant of One Flag CTF. In this round-based mode, attackers and defenders swap sides as they battle for control of a single flag.
 - Asymmetric team loadouts equip attackers with Active Camo to help sneak their way past enemy defense while defenders possess Threat Sensors to help spot the intruders. The team who wins the majority of rounds wins the match.
