Get a Kick Out of the Game, Not in the Mouth, With Athletic Mouthguards

SEO: Athletic Mouthguards Sioux Falls, SD | Sioux Falls Smiles
META: Let your kids get a kick out of the football game, not in the mouth, with athletic mouthguards in Sioux Falls, SD. Call Sioux Falls Smiles at [phone] for a fitting.
KEY: athletic mouthguards

INTRO:
If you like local football like a lot of us do at Sioux Falls Smiles, you look forward to that first high school football game in the fall. That's especially true if your kids play football. Although we want the football players we care about the most to win, we want them to stay safe and healthy during their games. That's why we offer athletic mouthguards.
No matter the sport or activity, custom-made athletic mouthguards are better than generic ones. Why?

- They fit better.
- They protect better.
- They are made of better materials and are more durable.
- They last longer.
- They are designed for your kids' sports.
- They are more comfortable.
- They are easier to speak with.
- They don't require boiling to fit.

Mouthguards are crucial for preventing athletic injuries. Research reveals that over three-fourths of minor dental trauma and over four-fifths of major trauma is prevented.
Save your kids' smiles – and save them from dental emergencies! Call us today at [phone] to schedule fittings for athletic mouthguards in Sioux Falls. You can also [contact_us loc="1" text="schedule online"]. And take a minute now to watch this retro ADA public service announcement on mouthguards!
