

ASmallOtter Art Commissions. (Commissioning Info)

THANK YOU FOR CHECKING ME OUT :D

To commission me, send me a twitter message of what you want drawn!
I will ask if you are 18+, if you are 18+ all you need to say is "I'm 18+".

You own the art and can do with it what you wish. If you don't want it uploaded online to my accounts, tell me!

I won't be answering messages on holidays. Also during finals week I might be slow to message, your commission might also take longer..

\$50 for most drawings, like the ones you see me posting on my twitter. It may go up depending on the complexity of the scene, though most things are \$50. For example 3 full characters will be \$120 because it will exponentially make me take more time for each character. If something is too complex, I might just refuse to draw it! I also might refuse the content of the drawing, which includes things I'm simply not interested in drawing. Just because I won't draw it, does not mean I do not support your enjoyment of it, I just don't enjoy drawing it personally. There are things I consider off limits below, I have a right to not follow it, and decline commissions for any reason at all!

When ordering a commission from me, expect my style of art. I will not try to emulate an art style of a different artist. Take a look at my twitter to get an understanding of what to expect.

Feel free to give feedback on what you want to change during the commission. I will keep in contact with you on twitter, and provide updates there.

A file of your artwork will be submitted to a google drive, and I will send you the link.

This file will include: Your commission which will be a PNG, variations on your commission, and a sai2 or photoshop file. Variations will be things like, the artwork without dialogue or without being signed by me.

Variations are not guaranteed, but I will try to provide as many as possible. Generally I do cum as part of the lineart, so cumless versions are harder to provide a variation of, so don't expect them.

I will personally see about refunds if there is a reason for them.

This document is not a contract obligation by me, or anything of the sort. I will try to follow it however there may be missing things from it. If you feel as if something is missing, shoot me a message! If you feel there is a way I can improve this process as well, send me a message too!
