

*(montage of black and white behind the scenes photos of Early Edition)*

Narrator: When CBS's Early Edition went off the air in May 2000, many critics declared it a show ahead of its time. Its only in hindsight we see how true that was. Take a look at the last scene, of the last episode

*(Gary looks at the paper delivered by the cat. The headline reads 'Attack on World Trade Towers'. He stares at the sky brimming with tears)*

*(Cut to hard black, and credits)*

Narrator: How a network television dramedy managed to predict a national disaster is a question bugging many fans, but show creator Osama Bin Laden has been tight-lipped.
