Flesh and Bones

Objectives

- * Apply science to everyday experiences and solve problems
- * Scientifically explore and investigate new ideas and questions
- * Communicate scientific understanding in class discussions
- * Perform Lab Experiments with a team and complete lab reports

Classroom Expectations

- * Bring chromebook charged to class.
- * Be Responsible
- * Arrive on time and be prepared for class.
- * Listen to all instructions given, and follow them closely, especially during a lab class.
- * Do not talk when the teacher is giving instructions or if someone else is speaking.
- * Respect all in class and the learning environment.
- * No Horseplay we do use hazardous chemicals.

Classroom Behavior

Failure to follow classroom expectations will result in the following:

1st offense: Verbal Warning

2nd offense: Parent notification

3rd offense: Referral to office

Behavior which disrupts the learning of all students will result in immediate removal from the classroom, parental and administrative contact, and a discipline referral.

Classroom Procedure

- * Begin working on daily writing on chromebooks
- * At end of class throw away all trash, put your chairs back, and replace any equipment.
- * Attend to personal needs before coming to class or let me know where you are going.
- * Honesty: cheating is unethical and unacceptable and one will receive a zero for a grade.
- * Horseplay: There will be zero tolerance in lab and one will receive a zero for the lab.

Make-up Work or Late Work

- * We will be using Google Classroom, so check it for assignments.
- * You must log on to Google Classroom and submit Daily Writing for daily points.
- * Homework is due the next day unless told differently.
- * All Assignments should be linked to Assignment on Google Classroom.
- * **10% will be deducted each time homework is turned in late after 2 late homework passes are used.**
- * **Once a unit is complete (test is taken) NO late work will be accepted.**
- * Projects turned in late will lose 10 points per day late.
- * **ALL ASSIGNMENTS ARE FOR A GRADE!**

***Grading Scale**

All work will be on a points based system.

A = 90-100

B = 80-89

C = 70-79

D = 60-69

E = 0-59

All assignments will be placed in as zero if not turned in on time.

Lab Safety Rules

- * Follow all directions carefully.
- * Report any injuries immediately to the lab instructor.
- * Wear all protective devices (i.e. goggles, face shields, aprons) as required.
- * Treat all materials with respect and caution.
- * Dispose of waste materials as directed.
- * Clean lab stations and glassware at the end of each lab period.
- * Do not engage in horseplay.
- * Do not eat, drink, or chew gum during a lab.
- * Do not touch emergency showers unless directed by the teacher

Violation of these rules will result in disciplinary actions. These actions may include loss of credit for that lab, revocation of lab privileges, or removal from class.

IEP/504 Accommodations

*Students with an IEP or 504 Plan may have individualized accommodations. There are some embedded features on Chromebooks which can help such as Google Read & Write (purple puzzle piece on the toolbar with an "rw") to read material aloud. Contact your teacher for due dates regarding extended time and to discuss accommodations.

Google Classroom

I will be using Google Classroom all year to send homework. The code that we will use for assignments and announcements will be found here. During remote learning days you will log on here to complete Daily Writing assignments here for attendance procedures

Flesh and Bones 4th period - sx5cyxi

Flesh and Bones 7th period - uzzrgdw

Not in Attendance due to Quarantine

For those days you are not in class I ask that you log on to our Google Meetlisten and participate to class discussion. I will send out a link for the Google Meet through your email. Make sure to look on google classroom for the agenda for the week.

Food and Drink Policy

No food or drinks are allowed in the classroom. Bottles of water are allowed
