

Math Christmas Calendar

What are we going to do?

Create tasks with students for us and share them in our calendar. One day - one task. The tasks may be different, they are your ideas. You can create easy and hard versions for younger and older students. The weekends are free. If you have some maths-christmas activities add those on Saturdays or Sundays.

Here is the timetable:

https://docs.google.com/spreadsheets/d/1aS_mwfWCRawhVVNAI3MCWGWGYMj8l1Kd0ihk7Oifclg/edit?usp=sharing

Our calendar has 30 days, because we don't have Christmas at one time.

- Catholic Christmas (and holiday) 23.12 - 2/7.01
- Orthodox Christmas (and holiday) 29.12 - 7.01

The last week is especially to Orthodox students but if you want you can make all tasks.

Please put your solutions on the padlet:

<https://padlet.com/adllerchen/4e7qcwveccrf>

Good luck!

Math Christmas Calendar - Tüchen

Link for our calendar: <https://tuerchen.com/84424e2f>

This link you give your pupils.

If you want to **edit** our calendar, click this link:

<https://tuerchen.com/edit/84424e2f/6120df17d80af7db>

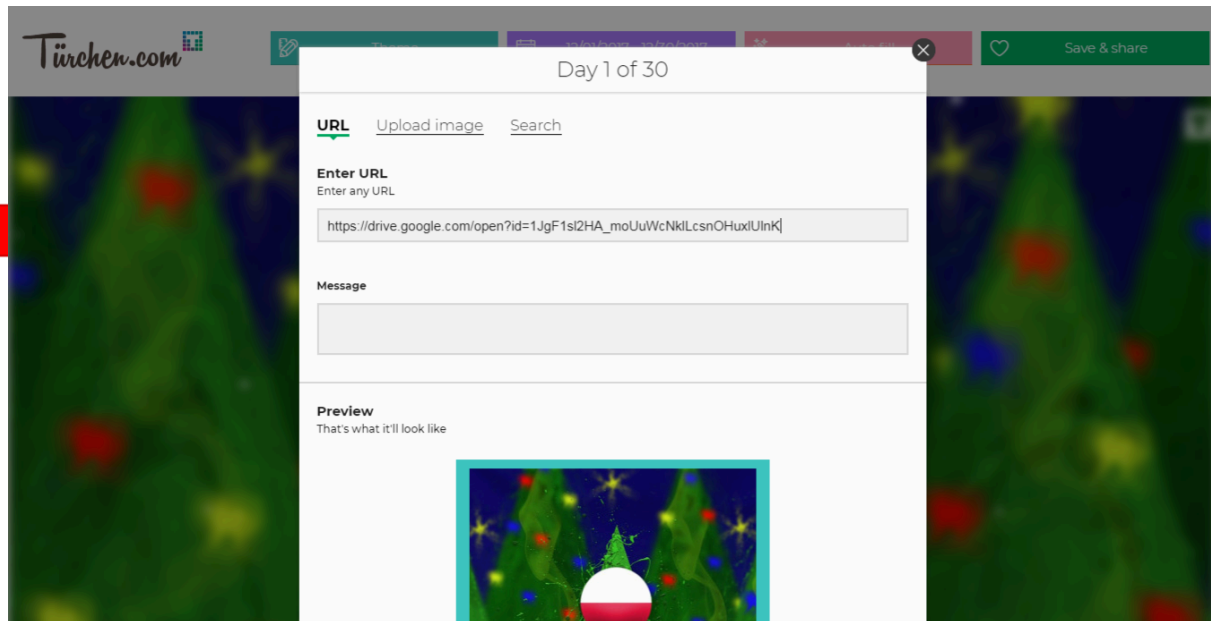

It's edit version.

Click your date (day number) to add new task.

URL

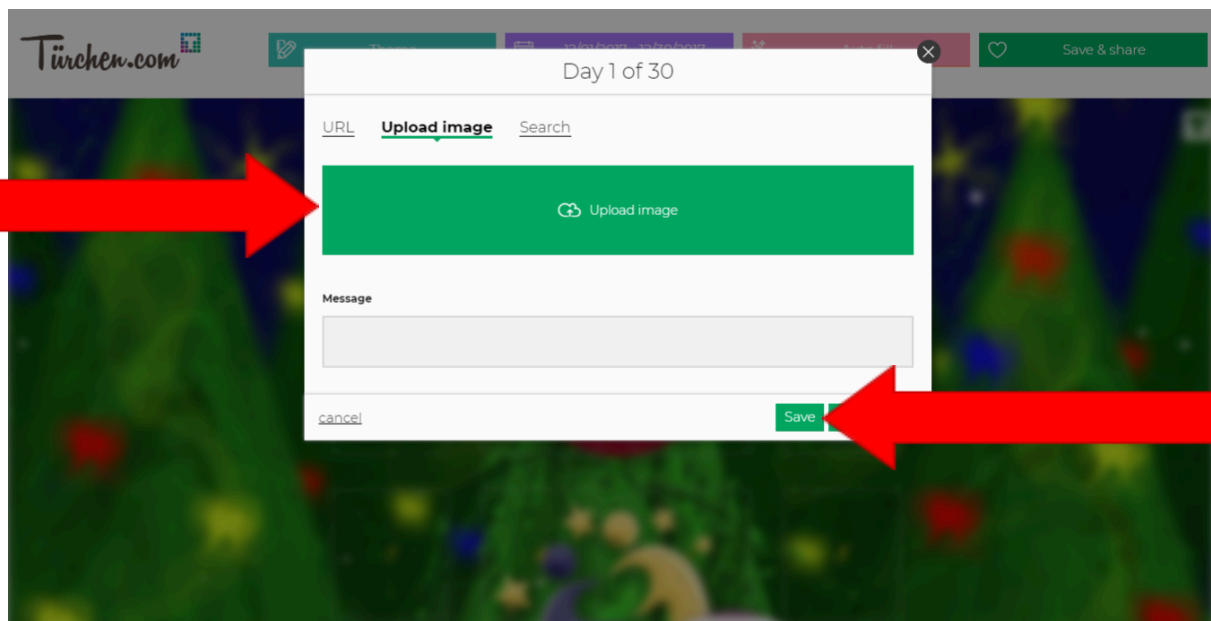

Here you can add a link to your task. It can be images, films or another documents. If you want, you can write message or task description.

The screenshot shows the Türchen.com website with a modal window titled "Day 1 of 30". The modal has three tabs: "URL" (selected), "Upload image", and "Search". Under the "URL" tab, there is a section "Enter URL" with the instruction "Enter any URL" and a text input field containing the URL "https://drive.google.com/open?id=1JgF1st2HA_moUuWcNklLcsnOHuxlUlnK". Below this is a "Message" section with a text input field. At the bottom, there is a "Preview" section with the text "That's what it'll look like" and a small image of a Christmas tree with a Polish flag at its base. The background of the website is a blurred image of a Christmas tree.

Upload image

Here you can add an image from your computer and write message or task description. Remember to **save** your task.

The screenshot shows the Türchen.com website with a modal window titled "Day 1 of 30". The modal has three tabs: "URL", "Upload image" (selected), and "Search". Under the "Upload image" tab, there is a large green button with a camera icon and the text "Upload image". Below this is a "Message" section with a text input field. At the bottom left, there is a "cancel" link, and at the bottom right, there is a green "Save" button. Two red arrows point to the "Upload image" button and the "Save" button. The background of the website is a blurred image of a Christmas tree.

This is the view, when the task is uploaded.

I wish you good luck.
Have fun!
