How to explain my friendship with you. You are literally everything I could ask for. I really love you super duper pooper much and I hope you know how much I care about you and value our friendship butttttttttttt in case you don't, you can read this and hopefully you'll know. I know at first you HATED me but after a while we started to become friends. AND I'M STILL SORRY ABOUT WHAT I DID I KNOW U WONT FORGIVE ME BUT STILL SORRY. Anyways...I will always remember our first memories as friends. The first times we called were like some of my FAVORITE calls in the history of calls I have had. (Not you when you lie) I remember us just yapping about like anything and everything while I was eating chicken nuggets or eating something in general. I was a BIG back. (still am) It's still so crazy to me how me and you got so close. You literally are my boy best friend, Nayeli being my girl best friend. I know you might not think of me being your boy best friend but I don't mind. I know I can be like a poopy head at some times but you know I still love you even if I'm being a poopy head. You honestly you are MY dream guy and I would absolutely love to date you because like you are perfect. I see you and you're absolute perfection. I really hope our friendship continues to grow and grow like how my pp grows when I think about you:) I can't wait for you to go to highschool so HOPEFULLY we get Algebra 2 together because that would be really super sigma. And like you'll be my favorite freshman and hopefully I'll be your favorite Sophomore. I also cannot wait to actually like MEET you Irl because like then I can TOUCH YOU MWAHAHAHAHAHA. guess what? CHICKEN BUTT. Bet you saw that coming. LIKE ME CUMMING RIGHT NOW *cums on you* Hehe sowwy. ANYWAYS I really feel like I can tell you ABSOLUTELY anything because I know no matter what you'll always say your true opinion yk? Do you wanna know my favorite thing about you? You are going to have to because you can't respond while I'm writing this. My favorite thing about you is you. "Question mark." Like I just love you for you because you are just like so sigma ligma ballz. Currently you are cleaning. But honestly you are wonderful!!! I love your name super duper much. Your name is now going to be like a name I use in the sims a lot! IF we got married I would definitely take your last name because it is so sigma. Another thing I like about you is that you're different. You aren't like other girls you're not even a girl you're a pterodactyl *SCREECH*(reference if you didn't know) I bet you smell like my cousin and she smells SO good (She Smokes) I trust you so fucking much. Like if I had a HUGE secret that I wasn't supposed to tell people I would tell you. I miss you so much right now. Also I like you. I try to get over you but for some reason I end up liking you still. I'm sorry. You make me feel so fucking special I love you so much because of that. Like I have said before I feel so wanted. You make me the happiest person. I feel joy when I talk to you. When I am depressed all I have to do is think about you and it puts me in a good mood. Also I wanna suck your pp so bad I crave PLEASE let me suck your pp. I bet ur pp tastes very yummilicous. You aren't annoying, don't ever shut up. I love your voice. Nothing about you is a mistake. I think every single part of you is perfect. You are my favorite notification. You are really important to me. You are my Sweetest Devotion. You could Cry Your Heart Out to me and I'll be there. To quote the queen Adele "If this is my last night with you, hold me like I'm more than just a friend. Give me a memory I can use. Take me by the hand while we do what lovers do. It matters how this ends

'Cause what if I never love again?" If you're gonna let me down, let me down gently. I know you'll never actually love me the way I want you to but I'd do anything to Make You Feel My Love.
