    a) AT 254 Clinical Practicum in Athletic Training IV

    Comments:

    - Please clarify the language for course grade. Since the grading structure is CR/NC, listing of points and Letter Grade thresholds is misleading (A and B do not technically exist).

    b) AT 296 Current Concepts in Athletic Training I

    Comments:

    - On the assignment table, they had "total points" for a couple of the assignments and a few of them didn't. Recommend that they add "total points" for all of the assignments (for each of them).

c) AT 297 Current Concepts in Athletic Training II

Comments:
- Course Modality: This course will be asynchronous with scheduled times for student-instructor meetings --- how meeting with faculty mentor can be done asynchronous?
