

Scholarships Quick Guide

STEP 1: Researching Scholarships in Naviance Student

Students can research and track scholarship opportunities in Naviance Student from the **Colleges** tab.

Students can use the following tools:

Scholarship List: Details on local scholarship opportunities and requirements

Scholarship Match: Scholarships with requirements that may be a suitable match for students according to the information that their school has entered about each scholarship

College Merit-Based Scholarships: Enter a GPA or Test Scores to see what colleges are offering merit-based scholarships for students with similar academic success.

National Scholarship Search: A national scholarship search tool hosted by Sallie Mae. Students can search the database of over 3 million scholarships

Scholarship Match		
Below are scholarships with requirements that may be a suitable match for you according to the information that your school has entered about each scholarship. If a scholarship is listed as "no restrictions found", this means that your school did not enter any qualifications for the scholarship that would indicate you are ineligible such as gender, ethnicity, minimum gpa, etc. Some scholarships on this list may still have special requirements that are not listed on this site and you should verify your eligibility with the scholarship organization or your counselor if uncertain.
