

DFF Action Guide

Massachusetts is one step closer to becoming the 17th state to allow families access to a driver's license! The House successfully adopted the Work & Family Mobility Act and we've moved onto the Senate. Many immigrants' lives would be transformed by this bill, and everyone in the Commonwealth would have safer and more secure roads for it. Share the call to action with your network, email and call your legislator thanking them for their vote in support of all families having the right to move freely & with dignity in our state.
