

# Privacy Policy

Melodic · Last updated: August 19, 2026 · Effective on publish

*This is a general-purpose template matched to Melodic's actual data flow (local song storage, server-side generation, Apple-managed payments). Replace any remaining [bracketed placeholder] and confirm it meets GDPR/CCPA/App Privacy requirements for the regions you launch in before publishing.*

**The short version:** your finished songs are stored on your own device, not on our servers. To generate a song, the text prompt and settings you enter are sent to our servers and/or AI providers for processing, and the result is sent back to your device. We don't sell your personal data.

## 1. Overview

This Privacy Policy explains what information Melodic ("we," "us," "our") collects when you use the Melodic app, how we use it, and the choices you have. Melodic is developed and operated by **Vlad Lytvynets**. By using Melodic, you agree to the practices described here.

## 2. Information We Collect

- **Generation inputs** — text prompts, genre/mood/tempo selections, and any custom lyrics you type
- **Usage data** — features used, generation count, app version, crash logs
- **Device data** — device model, operating system, language, anonymous device identifier
- **Purchase data** — subscription status and plan, provided to us by Apple — we never see your card details
- **Support data** — anything you send us directly, e.g. by email or Telegram

We do not require you to create an account to use Melodic's core features.

## 3. How We Use It

- To generate the song you requested and return it to your device;
- To operate, maintain, and improve the app's features and reliability;
- To process your subscription and provide customer support;
- To detect, prevent, and address abuse, fraud, or violations of our Terms of Use.

We do not use your prompts or lyrics to identify you personally, and we do not sell your personal information to third parties.

## 4. How Your Songs Are Stored

Finished songs are saved directly on your device's local storage — not uploaded to or kept on our servers after generation completes. Deleting the app, or deleting a song from your library, removes it from your device. If you use the Share feature, the exported file is handled by the destination you choose (e.g. Messages, another app) and is no longer under our control.

## 5. Third-Party Sharing

We share limited data with service providers who help us operate Melodic, including:

- **AI generation providers** — to process your prompt and produce the audio;

- **Apple** — to process App Store purchases and subscriptions;
- **Analytics & crash-reporting providers** — to understand app performance and fix bugs.

These providers are only permitted to use your data to perform services on our behalf. We do not share your data for third-party advertising purposes.

## 6. Subscriptions & Payments

All payments for Melodic Premium are processed entirely by Apple through the App Store. We receive confirmation of your subscription status (active, trial, expired) but never receive or store your payment card information.

## 7. Data Retention

We retain server-side generation and usage data only as long as necessary to operate the Service, resolve issues, and meet legal obligations, after which it is deleted or anonymized. Songs stored locally on your device remain until you delete them or uninstall the app.

## 8. Your Rights & Choices

Depending on where you live, you may have the right to access, correct, export, or delete the personal data we hold about you, and to object to or restrict certain processing. To exercise any of these rights, reach out:

**Gmail:** [vladlytvynets7@gmail.com](mailto:vladlytvynets7@gmail.com)

**Telegram:** [https://t.me/Vlad\\_Lytvynets](https://t.me/Vlad_Lytvynets)

You can also delete any song directly from your library, or uninstall the app to remove all locally stored data at once.

## 9. Children's Privacy

Melodic is not directed at children under 13, and we do not knowingly collect personal information from children under 13. If you believe a child has provided us with personal information, contact us and we will delete it.

## 10. Data Security

We use reasonable administrative, technical, and physical safeguards designed to protect your information. No method of transmission or storage is completely secure, so we cannot guarantee absolute security.

## 11. International Users

Your information may be processed in countries other than your own, including *[country where your servers/providers are located]*, which may have different data protection laws than your home country. By using Melodic, you consent to this transfer and processing.

## 12. Changes to This Policy

We may update this Privacy Policy from time to time. If we make material changes, we'll update the "Last updated" date above and, where required, notify you in the app.

## 13. Contact Us
