

# Literacy Night 2020

---

## MAD LIBS JUNIOR™

**Parent Directions** - You will have the white piece of paper and your child will have the yellow or red paper.

Make sure your child cannot see your paper. Ask your child to choose a word in the corresponding picture column. Younger students can just point to a word. You will write that word on the line.

Continue until you have filled in all the blanks.

Now read the silly story together. Read the silly story to younger children.

Laugh and laugh some more.

Create another silly story on the other side!
