

Lu's Commission

Will and Won't Draw

This document is subject to change as I see fit.

You must be 18+ in order to commission me, and have your own financial stability

WILL:

- Feet, Paws, Peets
 - This is what I specialize in :)
- Tickling, tickle torture
 - This is what I specialize in :)
- Male and Female characters
 - Male preferred as my art focuses on them, however, female characters are always welcomed.
- Copyright characters
 - Safe for work (SFW) ONLY for characters that look/are underage.
NO EXPLICIT CONTENT WILL BE DRAWN FOR UNDERAGE CHARACTERS
 - Underage in this case are characters younger than 16, while 18 is the preferred, I have no problem with “aging up” characters.
 - Explicit content is anything that will need a mature/adult rating
- Sona's, Fursona's, Original Characters (OC's)
 - Most animals I am okay with
 - I specialize in cartoony style
 - Other people's sona's is ok as long as the owner gives consent.
 - I understand this is difficult if it's a present/gift, we can negotiate as long as you are good/close friends with the person
- Humans
 - Am okay with drawing humans, as long as they are not based on humans in real life.
- Not Safe for Work (NSFW)
 - Most kinks and fetishes

- This can be negotiated depending on my ability to provide a quality picture on the subject

WON'T:

- Blood and gore
 - Not a fan of violence in any way
 - This includes Macro stomping or vore that result in death or excessive mutilation
- Hardcore sexual fetishes that include bowel movements or other forms of excrement
 - This includes farting, throwing up, water sports, scat, etc.
- Sexual content including underage characters
 - “Aging up” can only work so well for certain ones, but anyone that definitely looks like a kid would be REJECTED
- Any kind of fetishes that simply aren't my forte
 - Can be negotiated, but I will probably decline it if I don't believe I can provide a quality piece.
- Any form of hate speech/humiliation
 - My art is meant to be fun and engaging, not to raise any “drama”
- Some things I will most likely say no to
 - Sex changes of characters
 - Not my forte
 - Likeness of real people
 - Even if it's based on a role that person plays in a movie/show, I may feel uncomfortable making it
 - Hyper
 - I don't think I can make it look good
 - fat/forced eating/inflation
 - I don't think I can make it look good
 - Senior citizen/older age characters
 - Not my forte
 - Excessive smell/dirty feet
 - Mild or little dirt is fine, but a strong emphasis on it becomes too much to make it look good

- Gangs/cults/religious affiliation/politics
 - It's paw art, not a movement/message campaign
