

SECRETS REPUBLICANS WON'T TELL BLACKS

SECRETS REPUBLICANS WON'T TELL BLACKS

*I do NOT claim either gang, red or blue.

There are some people within this nation that have gone above and beyond what we've ever seen in this country to trick Blacks into voting Republican. But you're about to see the truth they've been hiding from these very same Blacks.

Let's start with a piece of propaganda that's been used in this psychological war.

The Inconvenient Truth About the Democratic Party | 5 Minute Video

https://www.youtube.com/watch?v=g_a7dQXilCo

- 4:41 – “... reported to have said...” And even if he did say that, it has nothing to do with the racism Blacks saw from the Republican Party since the 70's. Somehow these years don't exist to some of these Republicans.

- 5:01 – “... when in reality it's the failed policies of the Democratic Party that have kept Blacks down.” I'm trying my best not to comment, but I have to say that that is outrageous.

- 5:07 – “Massive government welfare has decimated the Black family....” Lol. So it wasn't 4 decades straight of wars on “drugs,” literally targeting and removing Black males from the home? It wasn't the conscious, intentional, coordinated attack on morals, family and community from Jewish Hollywood and the Jewish music industry? No CIA? No FBI?

- end of commentary -

Did you notice how that last video sounded like Candace Owens – blaming everything on the Democrats? Was it because they were Democrats that they did those things and believed in those things, or was it because they were White and lived in the South (with legalized slavery and Jim Crow

propaganda)? Is it the label that's doing it, or is it what's under the label that's doing it? If a racist White Democrat from the South became a Republican, would he then lose all of his anti-Blackness and desire to maintain slavery? White Republicans in the North were racist as hell against Blacks too, and did not believe Blacks to be equals, nor did they treat Blacks as equals, but that's not what you would believe listening to videos like the last one or these Black Conservatives who lie to Blacks on behalf of the Republican Party and others.

Besides what's being spoken of in this next video, one thing you can learn from it is that all of American politricks is stupid, and the titles given to these gangs are not going to tell you what that person believes, likes, dislikes, loves, hates, will or will not vote for.

Why do White Christians Vote Republican, and Black Christians Vote Democrat?

<https://www.youtube.com/watch?v=W4eS2E-PoGo>

- 9:56 – “Over the next few years segregationist Democrats like Thurmond jumped to the Republican Party in droves, and the South began shifting from Blue to Red.” Take a look at *Democrats to Republicans* [here](#).

- 13:55 – “They see White Christians applauding Strom Thurmond for saying that, and then re-electing him to the Senate for 5 decades until he dies in office at 2003 at the age of 100.”

- end of commentary -

Now, let's look at something that was stated at 9:56 – “Over the next few years segregationist Democrats like Thurmond jumped to the Republican Party in droves, and the South began shifting from Blue to Red.”

Why I Left the Republican Party! THE SOUTHERN STRATEGY #GOPexit

<https://www.youtube.com/watch?v=xgeT0Klkqug>

- 6:40 – “Because by 1980 Ronald Reagan was known as the Republican, using not-so-veiled coded language while railing against welfare on food stamps, which, to racists in the South, was clearly meant to invoke hateful stereotypes of Black single mothers taking advantage of the generosity of the United States tax payer.” Exactly! The racist 80's ... that no one wants to talk about ... ever. And in the 1980's Black people understood this coded, and not-so-coded, language as well. That's one of the reasons they stayed away from the Republican Party and identified it as the racist party. Another coded term was “Tough on crime.” And if you think [Brandon Tatum's thoughts on, and protection of, the cop that murdered Sonya Massey](#) was shocking and deplorable, you don't know the 80's. Incidents like that, where clear murder took place, were normal, and nearly all of White America along

with all of the media would protect the cop every single time, no matter what (“What was he doing out so late anyway.”). And the Republican Party was almost like what you see in old videos of racist White mayors of the South.

The Obscure History of the Racist Code Words Republicans are Using and How to Decipher Them

<https://www.youtube.com/watch?v=0CqeK-pRl48&t=209s>

- 3:29 - 4:40 – Like he said, there’s a large group of White racists who the Republicans are appealing to with certain language and policies. But according to some of those same Republicans, America is no longer racist. And I’ve also noticed that some of the attacks on Blacks are tied to the dismantling of programs like affirmative action, food stamps, and welfare. And it’s like they brought the 1980’s language back to do it. [It may be for their transition into their new system and “new world”.] But that only constitutes some of the attacks. And even if it was all, I would still be doing this project, and the others ([1](#), [2](#), [3](#)). For, similar to Lincoln’s statement about the Union, my paramount object in this struggle is to save Black America, and is not either to save or to destroy the Parties. If I could save Black America without making the Republican Party look like the trash that it is, I would do it, and if I could save Black America without making the Democratic Party look like the trash that it is, I would do it; and if I could

save Black America by exposing some in the Parties and leaving others alone I would also do that. What I do about the Parties and Black sellouts, I do because I believe it helps to save Black America.

- 5:48 – “Because this is not new, and it’s not just Donald Trump.” That’s what older Blacks who were of age during the 70’s through early 2000’s know.

- end of commentary -

And it doesn’t matter if the Southern Strategy was the reason for the switch or not, as some may argue, what matters is that many of the people and their descendants that these Republicans on Youtube are calling racist, and the South, are now Republicans. So, all those things they were saying about the Democrats, they were actually saying about people who are Republicans right now! So they should be saying “we”! And they themselves are telling you that the Republican Party is the racist Party! Lol. And this proves that the political party costume that any of them put on does not define them. Regardless of what people believe did or did not happen, as discussed above, why Black people left the Republican Party is another story. And that’s my main concern.

Now let's take a look at something else.

- John F. Kennedy – Democratic – January 20, 1961 - November 22, 1963
- Lyndon B. Johnson – Democratic – November 22, 1963 - January 20, 1969
- Richard Nixon – Republican – January 20, 1969 - August 9, 1974
- Gerald Ford – Republican – August 9, 1974 - January 20, 1977
- Jimmy Carter – Democratic – January 20, 1977 - January 20, 1981
- Ronald Reagan – Republican – January 20, 1981- January 20, 1989
- George H. W. Bush – Republican – January 20, 1989 - January 20, 1993
- Bill Clinton – Democratic – January 20, 1993 - January 20, 2001
- George W. Bush – Republican – January 20, 2001 - January 20, 2009
- Barack Obama – Democratic – January 20, 2009 - January 20, 2017
- Donald Trump – Republican – January 20, 2017 - January 20, 2021
- Joe Biden – Democratic – January 20, 2021 -

They claim that it's the party or President that does the dirt, right? Well, take a look at how pro-Black these Republican administrations were: Nixon – racist policies and genocide/War on Blacks. Reagan – racist policies and genocide/War on Blacks. H.W. Bush – racist policies and intensified the genocide/War on Blacks. [Clinton (a Democrat) – genocide/War on Blacks through marijuana.] W. Bush – racist policies and genocide/War on Blacks, and [Hurricane Katrina racism](#) (which the media only showed a little of ... it was actually much worse). Trump – racist words and psychological war against Blacks (Jewish media and social media tricking them into believing they were under attack in order to carry out agendas through paid protest groups, and advance a plan to federalize the police of America). Also, attempted genocide: “Black people should be the first to take the vaccine.”

So, where is this pro-Black Republican Party I keep hearing about? It seems that if you like Black genocide ... vote Republican!

- 0:33 – “Americans for Prosperity (AFP), founded in 2004, is a libertarian conservative political advocacy group in the United States affiliated with brothers Charles Koch and the late David Koch. As the Koch family's primary political advocacy group, it has been viewed as one of the most influential American conservative organizations. After the 2009 inauguration of President Barack Obama, AFP helped transform the Tea Party movement into a political force. It organized significant opposition to Obama administration initiatives such as global warming regulation, the Patient Protection and Affordable Care Act, the expansion of Medicaid, and economic stimulus. It helped turn back cap and trade, the major environmental proposal of Obama's first term. AFP advocated for limits on the collective bargaining rights of public-sector trade unions and for right-to-work laws and opposed raising the federal minimum wage. AFP played an active role in achieving the Republican majority in the House of Representatives in 2010 and in the Senate in 2014.” Source: [Americans for Prosperity](#) That’s a small, partial, glimpse into how things truly work in politics.

More Republican Lies

Did the Civil War start because of slavery? Was the Civil War fought over slavery? Whenever dealing with this topic you really need to find out exactly what the person means by their question or statement.

Let's use Britain as an example of how things may not be as they appear to be on the surface:

“Slavery Abolition Act, (1833), in British history, act of Parliament that abolished slavery in most British colonies, freeing more than 800,000 enslaved Africans in the Caribbean and South Africa as well as a small number in Canada. It received Royal Assent on August 28, 1833, and took effect on August 1, 1834. Several factors led to the Act's passage. Britain's economy was in flux at the time, and, as a new system of international commerce emerged, its slaveholding Caribbean colonies—which were largely focused on sugar production—could no longer compete with larger plantation economies such as those of Cuba and Brazil. Merchants began to demand an end to the monopolies on the British market held by the Caribbean colonies and pushed instead for free trade. The persistent struggles of enslaved Africans and a growing fear of slave uprisings among plantation owners were another major factor. ... The Slavery Abolition Act did not explicitly refer to British North America. Its aim was rather to dismantle the large-scale plantation slavery that existed in Britain's tropical colonies, where the enslaved population was usually larger than that of the white colonists. Enslaved Africans in British North America were relatively isolated and far smaller in number. As an imperial statute, the Slavery Abolition Act

liberated less than 50 enslaved Africans in British North America. For most enslaved people in British North America, however, the Act resulted only in partial liberation, as it only emancipated children under the age of six, while others were to be retained by their former owners for four to six years as apprentices. The British government made available £20,000,000 to pay for damages suffered by owners of registered slaves, but none of the money was sent to slaveholders in British North America. Those who had been enslaved did not receive any compensation either.”

When Did Slavery Really End in the North?

<http://civildiscourse-historyblog.com/blog/2017/1/3/when-did-slavery-really-end-in-the-north>

“The Civil War grew out of longstanding tensions and disagreements about American life and politics. For more than 80 years, people in the Northern and Southern states had been debating the issues that ultimately led to war: economic policies and practices, cultural values, the extent and reach of the Federal government, and, most importantly, the role of slavery within American society. Against the backdrop of these larger issues, individual

soldiers had their own reasons for fighting. Their motivations often included a complex mix of personal, social, economic and political values that didn't necessarily match the aims expressed by their respective governments.”

Civil War Begins

<http://archive.today/RZF1S>

“Then we had the Civil War. That war also could have been prevented and would have been prevented, if our leading men had followed the advice of Henry Clay. He wanted the Government of the United States to buy the slaves at their full value and liberate them. The slavery question could then have been solved without any bloodshed or waste of treasure. The extremes on both sides, however, would not listen to that proposition. Nevertheless I deny that the Civil War solved even the Negro question, or any other question for that matter. All it did was to add a few dead-letter amendments to our Constitution. And of course, the Civil War helped neither the North nor the South.”

It was only after the war began that slavery was used as the main reason, the fuel, to fight; and after that, the war became seen as a war over slavery. But the idea to use slavery as fuel came from the people in the shadows who

orchestrated the war in the first place, not Republicans. For more on this, go to page 107 of the eBook linked below and read “Excerpts from The creature from Jekyll Island”:

They did NOT want to end slavery because they cared about the well-being of Black people! Why do you think the North and Republicans remained racist against Black people afterwards! But the way these people today are presenting their revisionist history they're making it seem like the North and Republicans liked and cared for Black people so much that they swooped in like a superhero to save them. Lies!

Chapter 1: Race, Slavery, and Freedom - Northern “Unfreedom”

<https://web.archive.org/web/20220830131420/https://www.nps.gov/articles/000/chapter-1-race-slavery-and-freedom-northern-unfreedom.htm>

Lincoln confirms that it wasn't for Blacks:

“My paramount object in this struggle is to save the Union, and is not either to save or to destroy slavery. If I could save the Union without freeing any slave I would do it, and if I could save it by freeing all the slaves I would do it; and if I could save it by freeing some and leaving others alone I would also do that. What I do about slavery, and the colored race, I do because I believe it helps to save the Union...I have here stated my purpose according to my

view of official duty; and I intend no modification of my oft-expressed personal wish that all men everywhere could be free.” – **Abraham Lincoln**

“I am not, nor ever have been, in favor of bringing about in any way the social and political equality of the white and black races—that I am not nor ever have been in favor of making voters or jurors of negroes, nor of qualifying them to hold office, nor to intermingling with white people; and I will say in addition to this that there is a physical difference between the white and black races which will ever forbid the two races living together on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together, there must be the position of superior. I am as much as any other man in favor of having the superior position assigned to the white race.” – **Abraham Lincoln**

5 Things You May Not Know About Abraham Lincoln, Slavery and Emancipation

<https://www.history.com/news/5-things-you-may-not-know-about-lincoln-slavery-and-emancipation>

Here’s a source for some documents related to this topic:

<https://presidentlincoln.illinois.gov/learn/educators/educator-resources/teaching-guides/lincolns-views-african-american-slavery/>

Here’s a prime example of the other lies being told today:

‘If Anyone Should Pay Reparations, It’s The Democratic Party’

https://youtube.com/shorts/uyPeQnbd_L0?si=ooCLnAI4SyP55aOf

It wasn’t the Democratic Party, it was another group in the country that was controlling the Democratic Party:

“Lehman was indeed founded by three brothers, immigrant Jews from Germany who started out as dry-goods peddlers in the pre-Civil War south, and whose subsequent success as cotton brokers enabled them to become one of the Confederacy's main financial backers.”

Source: *Analyze This: Devaluing the Lehman name, on Wall Street and elsewhere*

<https://www.jpost.com/business/business-features/analyze-this-devaluing-the-lehman-name-on-wall-street-and-elsewhere>

And there’s August Belmont, a Jewish Rothschild agent who everyone knew was a Rothschild agent (his actual title) and even called a Rothschild agent back then: “... he was chairman of the Democratic Party, which helped with the charge of Sympathy to the Confederacy. The attacks on Belmont became a favorite sport from the press and politicians. In 1864, The New York Times accused Belmont of aiding the Confederacy, writing, ‘The great Democratic Party has fallen so low that it has to seek a leader in the agent of foreign Jew bankers.’”

Source: *Questioning Jewish Loyalty to the Union: Grant's General Order Number 11 and anti-Semitism during the Civil War*

https://www.academia.edu/51071631/Questioning_Jewish_Loyalty_to_the_Union_Grants_General_Order_Number_11_and_anti_Semitism_during_the_Civil_War

And it doesn’t stop there because the Confederacy was full of Jews, and ran by a Jew, Judah P. Benjamin. This is not a conspiracy theory, you can find proof of this in *A Jewish Confederacy* starting on page 117:

<https://howmanyknow.com/2023/03/the-hidden-truth-of-black-history/>

And it was Judah P. Benjamin who argued fiercely against the newly freed Blacks taking positions in government. He, and his puppet masters, were so against it that after hearing about the KKK, a benign group at the time, he single-handedly turned it into a racist anti-Black terrorist group. No, this is not conspiracy theory either. You can find proof of all of this on pages 127-153:

<https://howmanyknow.com/2023/03/the-hidden-truth-of-black-history/>

Why don't the Republicans, or Democrats, tell you any of this?
