In the last century, 94% of our seed varieties have disappeared. As biotech chemical companies control the majority of our seeds, farmers, scientists, lawyers, and indigenous seed keepers fight a David and Goliath battle to defend the future of our food. In a harrowing and heartening story, these reluctant heroes rekindle a lost connection to our most treasured resource and revive a culture connected to seeds.

SEED comes from the filmmakers behind The Real Dirt on Farmer John and Queen of the Sun: What Are the Bees Telling Us? The film features Dr. Jane Goodall, Vandana Shiva, Winona LaDuke, and Andrew Kimbrell.
