Meta Rule to Provide for a Canon Reset

It is enacted as follows:

Election Rules

1 Section 52 of the Election Rules is replaced with the Following:

Periodic Canon ending

52 The existing CMHoC canon shall be ended on the first dissolution of Parliament that occurs at least 2 years after the day on which the previous canon cutoff occurred. However, if the first dissolution of parliament after May 28, 2025 would be the day fixed for the existing CMHoC canon to be ended under this section, that canon must instead be ended on Monday, June 10, 2024.
