Track Day Guidelines

Tech inspection complete for your car for your safety

Waivers to be signed at registration and wristband given to be worn the entire day at the track

Must attend the drivers' meeting for on track rules briefing

No more than 6 cars on track at any time (unless otherwise specified)

Controlled passing with a point by on the straights only

Each car should be on track no longer than 30 minutes at a time

Novice drivers must have a coach in car for at least the first session

Coaches are available for all sessions (grab an available coach as needed and we encourage you to get different coaches in your car for additional perspectives)

Additional details will be sent out to the group prior to the event
