

## 4.3

### Why is Access to Culture Unequal?

**Diaspora** The scattering of people from their homeland (especially the Jews from the Holy Land)

**Alternative fact (or alt fact)** A statement that can be proved to be false.

**Cyber espionage** The unauthorized and clandestine deployment of a virus to observe or destroy data in the computer systems of government agencies and large corporations.

**Fake news** A false report disseminated under the guise of an authentic news report, created to maliciously spread misinformation and mislead consumers of the content.

**Malware (or malicious software)** Hostile or intrusive software designed to cause intentional harm.

**Ransomware (or cryptoviral extortion)** A form of malware that encrypts the victim's files, making them inaccessible, until a ransom is paid to decrypt them.

**Trolling** The practice of posting deliberately inflammatory, extraneous, or off-topic messages in social media in order to provoke quarrels or otherwise agitate people.

Key Issue#: <b>4.3.1</b>	Name _____ Period _____
<b>Compare the diffusion of TV and the Internet</b>	
Questions/Main Ideas	Notes
Diffusion of TV: Mid-Twentieth Century	
Diffusion of the Internet: Late Twentieth Century	
Diffusion of TV and Internet Compared	
Pause and reflect	The United States has slightly under 1 TV per person. Does your household have more than 1 TV or less than 1 TV per person?
<b>Summary</b>
