

School Daze

Okay let's see what Mykan thought of the season premier shall we?

A school for friendship huh? Much as that would be a good idea, I don't like the way the ponies preach about friendship and act like it can save you from all troubles. The show itself already warps people into being too overconfident and put too much faith in friendship as it is without thought of potential darkness or despair or unpleasantness.

Oh wow right off the bat with the friendship hating aren't we? Mykan. I know you aren't gonna listen but THEY DON'T USE JUST FRIENDSHIP TO SOLVE THERE PROBLEMS. What do you think they just PREACH to their enemies to get them to stop....okay they do that SOMETIMES(Starlight Glimmer is one example) but they didn't do that with all their enemies!

Twilight being head of the school... somebody gag me! That little TWAT is the main reason I scoff at the friendship in the show. I wouldn't want her teaching me (Since I believe her to be too narrow minded)

Two problems with this. 1) Who the hell else was it gonna be? 2) You're accusing her of being narrow minded when you are one of the most narrow minded people on the planet!

And the friends teaching as well...?! UGH!! I need another barf bag

Again. WHO ELSE WAS IT GONNA BE?

SILVER STREAM...!!! That's all I need, another bubbly nutcase, nuttier than Pinkie Pie!

On the contrary. I like her better than Pinkie Pie.

Twilight's being a foolish TWAT again (Just as I like to portray her as) doing everything by the book and taking it way too seriously... for FRIENDSHIP?! HAHHAHAHA!! (Still can't give LP back)

She was told if she doesn't follow things by the book she'd get the school closed down! Also SHE'S taking things too seriously!? This coming from the guy who takes fanfics seriously?

***Applejack:* "every pony... I mean... EVERY ONE!!"**

FINALLY... After all these years they're starting to get it RIGHT!! (I approve of that wholehearted, but I can't give and LP back)

Oh geeze. Mykan you are aware there's a big difference between "Forcing everyone to change their way of speech just because you prefer everyone over every pony" and "Person acknowledging more than one race in the room"

Hmm... another thing I approve of is what Fluttershy says by "even if those Guidelines aren't working...?" I like that... it means I can just stick to my own rules when I make my own fics and ignore people's advice (Especially when I don't like it or approve)

AW FUCK!! Another moment for Mykan to twist into an excuse for him to justify his behavior....

As for Naysayer... I can't decide whether I like him or not, he's got some of my OWN preferences and traits, but even I know some limits, but I do approve of him pushing Twilight around and locking the school.

Wow I'm....genuinely shocked. I thought for sure you were gonna be on Nay's side 100%.....but.....WHAT LIMITS!?!?! You killed a baby!!! That's about as far as it can go!

Now that's what I like to see, Twilight in despair, and finally realizing what a fool she's made of herself! She finally may be realizing that friendship isn't that simple

URG. More of him getting off on characters he likes suffering

UGH!!! Operation cheer up?! At a time like this, the absolute worse thing you can do is try to cheer someone up. You gotta give them some time to themselves, you can't expect them to just get up and smile. Make me sick, why don't ya... (At least Twilight acknowledged it)

NO. Not being there for a friend will only make the situation worse sometimes. You just don't want them there because you know they'll take Twilight out of her misery. Also Twilight said something you approve of...and you still found a way to complain. Yeah you are SO not biased....

Hmmm... Starlight's preaching about giving up too soon is right in some ways, but it's also not ALWAYS going to help in ALL situations. I'm not saying you should ALWAYS give up, but sometimes... when a situation is too hopeless, it's better to spare yourself the pain and try to find happiness in something that doesn't give it.

And how's giving up on being a voice actor even though you have everything you need working out for ya?

MMM... Slapping the book out of Twilight's hoof and telling her not to let others push her around... I approve.

Something Starlight did to get Twilight out of her funk and not to torture her

Celestia: "Every Creature!"

Ugh! Is it so hard to just say "Everyone!"

Yes

Also why is "Everyone" okay but "Every Creature" wrong?

UGH!! Twilight having strength to break other spells again, I do not like...

Well of course you wouldn't like it. It makes twilight look good

The Maud Couple

Uh... Muad is defiantly not a comedian (But everyone could tell that... except for Pinkie) Pinkie should know not to sugarcoat things so much.

Hey Genius. Pinkie DID think it was funny.

Ugh!! Pinkie's Whining! (Whining is a character trait I hate and want my own characters to have little to nothing of) Since it's petty I'll only go for a low deduction...

Don't your own characters whine a lot? And if I'm reading your timeline of you reviewing this episode correctly all Pinkie is doing is looking for maud. How does that qualify as "whining?"

AAAAAAAAAAAAAAH!!! Pinkie's squealing and over-excitement again. That's what I find most annoying about her, and dub her "Has batter for a brain"

Is this entire review gonna be you complaining that you don't like Pinkie?

"I wasn't going to tell her WHY."

***Headdesk* like I said "Batter for a brain"**

Okay you got me there. That was a stupid idea of Pinkie

***Sighs* Pinkie refuses to LISTEN... as usual, (As if she hadn't given me enough headaches already)**

Okay so this entire thing is you complaining about Pinkie Pie....also you refuse to listen you hypocrite

Hmm... soy they DO say "Boyfriend/Gifriend" rather than "Coltfriend/Marefriend" but then again, this is the very first time it's actually been said in the pony's world (Equestria Girls doesn't really count)

What is with your obsession of demanding the ponies not use terms like "Everypony"!?!

Mud Briar... Hmmmmmm... He's as weird as Maud. Like that he's not so bubbly and excitable like Pinkie, but just like Maud and having inanimate object as a pet... and the way he behaves... a little weird.

Huh! And what what do you, I just reached the art where Pinkie AGREED with me. In that case...

Way to miss the joke....

***Sighs* And again, Pinkie is in denial about Maud's behavior and character.**

Am I a horrible person if i'm agreeing with Mykan on this one? I'm sorry. I hate characters who completely miss the point! I mean the episode would have been much better if Maud Briar was nothing like maud- and I'm getting off track with this one.

So Pinkie thinks she knows Maud better than anyone else huh? And the way she's behaving is how people bitch at me thinking THAT is how my Starfleet ponies behave when it comes to the SUPERIOR factor (they don't)

There's a huge difference between knowing your family and boasting you're a better person because you think so.

When Pinkie runs off and cries like that, Can't say I like it too much... also... SHE WASN'T LISTENING AGAIN, "Maud never said she didn't need you."

Okay I'm sorry. I'm really sorry but I'm agreeing with Mykan here...

I love seeing Pinkie having that hallucination of the others being backwards, and she's torturing herself so I don't have to...hehehehe.

.....I think this speaks for itself....also I thought that was Big Lipped ALigator moment in the episode

Hmm... teaching about INNER BEAUTY... A very good lesson.

Since when do you care about inner beauty?

I'm starting to think by this point I can dub Pinkie as THE MOST ANNOYING of the Mane six. (Rarity is "THE WORST") don't know about the rest yet

Well at least we can agree on one thing....sorry. Pinkie is my least favorite....

Fake it Til you make it

Heh, I was right... Fluttershy doesn't seem to be able to knit too well (Just like I portrayed in Starfleet Season 5)

How is that relevant?

Ha! I love the way Rarity is denied help from all those ponies, it kinda gets her back for BABY CAKES...

Just for fun, I'll throw my Starfleet Ponies into it. (Unable to help her)

Lightning: "I'm due for a major conference with Starfleet Generals, and tons of reports to review."

Starla: "I have to teach Astrology at the Starfleet Accadmy today, and I have to take Shining Light (Her and Lightning's baby son) with me"

Buddy Rose: "I have to weed and fertilize my garden before it rains."

Artie: "I'm hosting a gathering at my gallery today."

Rhymey:

"I'm due to work at my Cafe,

I'm sorry, but I'm too busy today."

Dyno: "Sorry, Chica, we've just struck a new haul or ores.

Myte: "Si, we also have to reinforce the mine supports or the whole place could fall in."

Why? Just...why did you feel the need to put that in there? Are you seriously under the delusion that you fanfic is just as important as the show?

"Clothes make the Pony" Rarity demonstrates her shallowness again. (You have to look a certain way to be accepted)

Considering you seem to be under the impression that anyone who is different is gonna get picked on for it that statement makes you a hypocrite.

Fluttershy puts on the suit, and then tries to put on a RARITY act? Gag!

Mykan your bias is showing....

"I think I need a new character"

Oh, for crying out loud! That's all I need to make me sicker, and another reason I don't add too much characterism to characters in the first place. (Just keep it PLAIN and simple... ONE TRAIT and try to STICK WITH IT as much as you can) and a VALLEY GIRL STYLE?!! UUUUUUGGGH!!! (I'm not too fond of Valley girls, they're usually very snooty, snobbish, and often disrespectful)

Or maybe it's because they're easier to write....also KImberly from Power Rangers was a valley girl and you seem to like her well enough.

Oooh... a gothic pony.

Hmm... Fluttershy's gothic look, I like it... despite my objections to too many characteristics. I'll let this one slide.

Only when it's a character YOU like huh? Jackass

Uh-huh, just as I suspected... Fluttershy's lost her mind and actual character again, now where have I seen this before.... um... oh yes... PUTTING YOUR HOOF DOWN...

Just as usual, these moronic mules never reflect upon past lessons they learned in previous seasons, and repeat the same mistakes over, and over again.

Much as I enjoy how much their proving me right, and pounding their friendship lessons home, I still have to dock it for annoying me...

Because it's not like the circumstances were totally different in each episode. In Putting Your Hoof Down. Fluttershy was taking "Standing up for yourself" too far. In this she's being a jerk for no reason. Huge difference

Twilight just lost more points for forgetting PUTTING YOUR HOOF DOWN herself... (Despite she wasn't actually IN the episode, surely her friends would have told her this)

Much as I don't like Fluttershy's OOC, I do approve of the way she shut the friends out the door (Like I would if I wasn't interested in what people had to say)

Since when have you cared about OOC? And secondly. Way to prove how completely bias you are AGAIN. Only when they do stuff YOU like huh?

Okay, the Terminating the Trio... Now Fluttershy has officially developed Pinkie Pie's ability to get someplace else quickly, as well as the change of costume.

So far she's adapted Rarity's persona, Pinkie's swiftness, the valley girl attitude, and the gothtacular... WAY TOO MANY characteristics in one (thought I kinda like the goth)

Again, this why I don't like OVERDEVELOPING characters and giving them too many traits, it's leads to chaos and stupidity, as well as pure lameness for my preferences.

Are you an idiot? All of those "characters" clearly weren't fluttershy! She was pretending to be someone else! How is pretending to be someone else "over developing"?

UGH!! And Even at the end... it's all good or all bad... but they can't make up their pony minds, not to mention Fluttershy STILL unleashed those hidden characteristics.

BLAAAAAAAAARG!!

Way to show your maturity.

In case anyone is reading this and is wondering why I haven't posted riffs on the leaked episodes that Mykan has reviewed yet. It's because I don't want to watch the leaked episodes. Once the episodes premiere "For real" then I'll make the riff on it

Apologies for not covering "Grannies Gone Wild" Mykan didn't give me enough to work with. FOr now. Let's move onto

Surf and/or Turf

Hmm... well, the Crusaders DID get their cutiemarks for helping others, and it is what they love to do.

How does that matter? The map calls people no matter who they are. Why does it please you that the map is calling someone who help others?

Wow, and I thought Applejack was supposed to be HONEST. Still it's petty... so...

Glad to be a hypogryph festival! Oh, GAG!!! Much as I realize some people's ideals in self-respect and appreciating What you are... but this is too much and It sickens me anyway.

Wow YOU'RE PETTY. How dare they celebrate a part of their culture that's been missing for years. Plus you even said you appreciate ideals in self respect and appreciate what you are. SO WHAT'S THE PROBLEM FOR YOU? Oh wait I know. It's because they aren't doing it in your way.

***Sighs* Despite Twilight's research, the fact she's using it as an excuse to kick back and enjoy herself... she's annoying to me**

Considering how many excuses you've made I know you'd do the same damn thing.

Ah... my favortie kind of situation, having to choose between ONE or THE OTHER, but I usually prefer so IT CAN'T BE BOTH, and since this is so obviously NOT that...

Yeah forget compromise! People are more sad if you settle one option.

I like that ideal, get BOTH SIDES of the story before you judge, but if only everyone else would do so instead of jumping the gun! Just look at me, at least I'm watching the show despite I hate it. I need to study it to know what to do for my own fics, plus, this way... I won't be as shallow as my haters and just downvote and walk away without looking.

Mykan THERE IS NO REASON FOR YOU TO WATCH THE SHOW IF YOU HATE IT. Plus the reason your fics get downvotes is because you've admitted you don't wanna change or improve yourself so naturally everyone is gonna assume your fics are all the same...AND THEY ARE USUALLY RIGHT!! Also you're more shallow than a kiddie pool

UGH!! Twilight winning a trophy... though I hate her and wish she NOT win things like this. Since it's small..

See!? You just proved how Shallow and Petty you are!

Much as I still find that shape shifting cool, my Starfleet ponies wouldn't need it. They're already strong enough to survive the pressures of the deep, and all they need to wear is their visors and respirator masks... either that or I'll give them that Futurama retainer thing that does it.

Mykan your ego and superiority complex is showing again....

Sweetie Belle's starting to sound a bit like Rarity... complaining about Pruning. Still, it's petty...

Okay why did you deduct points for twilight winning something but when Sweetie acts rarity you don't deduct anything? If anything this makes you even MORE petty.

Ha! Trouble amongst the CMC... still Sweetie Belle and Scootaloo should be ashamed, but since I like seeing this... especially when Terramar gets upset.

Not much to say here. Just more of him being happy characters are miserable like he is show his pettiness

Ugh!! Like I said, it was painfully obvious this wasn't one of those CHOOSE ONLY ONE things...

That doesn't automatically make the story bad!

Still, at least they gave me an idea for a *Friendship is Failure* story

Duck and cover everyone.

Horse Play

Uh-oh, an ep about Celestia... I still have an unwanted Cartoon crush on her, and it's usually hard for me to scorn her, but if I have to... so be it.

I thought you said you wanted to die a virgin and fall in love HOW CAN YOU HAVE A CRUSH!? Also this is gonna get creepy isn't it?

1,111 times she's raised the sun... much as I find Pinkie Pie's idea annoying, at least we now have narrowed the field of Celestia's true age. So I can't penalize this...

Twilight writing a play? Give me a break! I smell her in a plane about to crash and burn...

What does that even mean?! WHO SAYS THAT!?

***Celestia's giggle* So adorable, and yet it makes me sick that I seem to violating my code of not supposing to like her.**

Oh yeah? Well you're making me sick of how much of a bias hypocrite you're being!

No, Theater doesn't really bring out the best in people, especially not the actors... remember, it's all JUST AN ACT

Fuck you Mykan

Oyi! Twilight's being overly giddy again, and (Just as I like to portray her) She's NOT thinking the situation through enough.

Much as I'm glad she's acting a way I treat her, she's still annoying me

She's acting the way you want her to be like and you're CRITICIZING THAT!?

***Sighs* Twilight... Twilight... There's a difference between BEING YOURSELF, and PLAYING YOURSELF (How you portray it... that's the key)**

Holy crap? An actual intelligent statement! Could Mykan be turning over a new leaf?

GRRRRRR... PINKIE!!!" I'm with you, Applejack... she's annoying as ever, but I don't think I can dock it this time.

-No Damage.

Rainbow Dash is now setting a valuable to learn... DON'T GET COCKY OR AHEAD OF YOURSELF!! Seriously, that pegasi is gonna seriously kill herself someday. (Unless I do it first... naahhh... let her live.)

No he's not. And at this point it'd be a mercy kill for Rainbow

Poor Starlight, I kinda know how she feels... I almost felt the same way when I met Tara Strong (The Queen of VAs) in 2015

But all the same time, I kept telling myself "She's a human being, just like any other."

Oh my gosh!!! Mykan for the last time YOU AND TARA HAVE NO CONNECTION!!

The same can said about Celestia, she's still just another pony.

Even my Grand Ruler Celesto taught his subjects this in epiosde 10 of Starfleet Season 1. (Song: "I'm Just like you")

I'm not really annoyed though, so...

-No Damage

YES!!! Starlight finally gets it... Twilight is not a REAL POLITICAL PRINCESS... she doesn't make laws, or collect taxes, or perform extreme royal duties. She's more a KEEPER of friendship.

And that is why... I DON'T HAVE TO BOW TO HER, and neither did my Space Ponies

THAT IS NOT WHAT STARLIGHT MEANT AND YOU KNOW IT!.

Ugh! Again with that Starswirl the BASTARD... (I hate him because Twilight looks up to him)

Didn't stop you from featuring him in that stupid Surf Em thing. But that's a rant for another day

Poor Celestia...

Hmm, I don't remember ever hearing her Royal Canterlot Voice before (I'll have to re-watch this when it officially airs... it doesn't work on LEAKED versions)

Still, I feel really sorry for her. My Starfleet Celestia already knew how act, sing, and dance (She's a great dancer of tap and ballet)

Stop gloating you arrogant sack of shit. Just because your versions of the characters can do stuff better than the MLP characters doesn't make them better. Just ask Legendbringer

Still, it's a good eye-opener that NOT EVERY ONE is good at EVERYTHING

THEN WHY DO YOU INSIST YOUR SPACE PONIES ARE PERFECT!?

Twilight... it's never a good idea to sugarcoat, or lie...

Doesn't stop you.

***Sighs* Twilight, you should just tell her. It's NOT being a bad friend (It only is if you make fun of her, insult her and say rude things) There's a difference between Constructive Criticism and Being a Dick! Something my haters REFUSE to realize.**

.....I.....have.....nothing.....absolutely nothing. This speaks for itself

Also, think of what's better. Hurting ONE pony's feelings, or hurting, or disappointing many ponies and STILL hurting Celestia? (Take the path of least resistance)

Oh, for crying out loud, Twilight... quit contradicting yourself, and quit trying to live a lie.

"Shared Trust and honesty?!" Celestia... I'm gonna let you in on something. *Cooperation is not synonymous of Friendship.*

The old show I LOVE LUCY... Willam Frawley (Fred) and Vivian Vanve (Ethel) They HATED each other off-screen and didn't like working together. Friendship isn't exactly a MAJOR requirement.

Even Bowser and Mario: In certain games Bowser DOES team up with Mario and friends to beat the true antagonist of the game (depending what game that is) But it should be noted Bowser is only cooperating with the team so that he HE HIMSELF may rule the world himself. He isn't really their friend. (As soon as hat game is over he's the big baddie again)

I repeat... Cooperation and Friendship are not on the same page. Anyone who says THEY ARE is an idiot!

Yes but Cooperation THROUGH Friendship is ALWAYS better. And way to only list examples where the people hate each other.

Okay this next dock is because I can't stand how Celestia is so poor at acting (It's understandable) but I still can't stand it.

If it's understandable why are you docking points?!

Pinkie's Marshmallow idea...! I'm with Applejack "PINKIE PIE...!!!!

(I have just about Had it with these losers!!)

Charade... *Sighs* only another reason I prefer ponies be anthro and have hands (At least you can tell how many words and syllables) and Celestia's was very poor...

"My love for Equestria and all the ponies in it" (Here's how she should've done it)

"My" *Points to herself*

"Love" *Holds her hooves over her heart and make a soft smile*

For *Stomp/thrust her hoof forth 4 times 1...2...3...4*

I can't figure out the rest right now...

How big of a stick up your ass do you have to be to not realize that Celestia poorly acting out what she wanted was the entire joke!?

UUUUUUUUUUUGH!!! PINKIE PIE!!!! (The fireworks) Somebody put this pony in a straight jacket!

and what Twilight did... was NOT constructive criticism at all!! She deserved the scorning she got!

Does this guy even know what constructive criticism is!?

Once again, Twilight tries to do the right thing... only AFTER SHE DID A WRONG THING FIRST, like she did on "Lesson Zero"

What does that MEAN!?

See... Celestia's a great actress after all... like the time she did her tea joke

Yeah...you know. When she didn't have to TALK

Well, this episode sure gave me some headaches... I think I'll sing the song I sang about Celestia and my Unwanted cartoon crush on her... *Sigh*

I've grown accustomed to her face... I guess...

You are so obviously sexually repressed it's not even funny...

The Parent Map

"WHY AM I YELLING?!"

-Because your cutie mark is glowing, and you're a dork, and I'll dock points because you annoyed me with your attitude and cutie mark (I hate cutie marks)

Sunburst: "You can't do that! Just because of some petty happiness I feel, you can't just take points off."

Mykan: "I just DID! Question me again, and it'll 1000... and just because "I don't like you or the way you act as a character most of the time."

God your petty....

-Spike's boasting: I can't say I like it for sure, but the only positive thing I like about it is the fact I can use that to my advantage. People keep whining and bitching THAT is how is my Starfleet ponies behave when THEY DON'T. (they don't boast like Spike did, and they don't bully other ponies)

I think I'll do this just for the hell of it...

Twilight: "I'm telling you, we can solve this a better way instead of fighting the monsters. If ever going to be on the force you need to start trusting me."

Lightning: "You're NOT part of the force, not yet anyway, and if you keep it up with this attitude of yours, you never will be. I've had much more experience in these fields than you have. So the next time I tell you something is too dangerous or can't be solved that easily, even with friendship..."

...TAKE MY WORD FOR IT!!!"

So, I won't damage Spike for this.

Yeah except when Spike Boasted he wasn't being a jerk to anyone. And Lightning just Bullied Twilight right there you fucking idiot!!!

Oh Changes of the worst kind, like on the last episode of Teen Titans. Some changes I CAN stand, but changes like these (That rob you of what you know and love and replace it with nothing but stupidity, pain and hate) This is disgusting!

Now my Teen Titans anger is triggered off too!

How unbelievably petty can you get!?

Hmm, I'm guessing Starlight's dad is voiced by Adam Reid.

Why do you care?! I don't even know who that is

Hmmm, fighting over development, and changes, and disagreeing about friendship... Now THAT'S an improvement.

(I only consider what I LIKE improvements. When characters act or do things I don't like or don't approve of... it's NOT an improvement to me, it's a disgrace, and only worthy of my scorn!)

(Same goes for LIFE as well... if I don't like it... then it's NOT an improvement to me, just the opposite!)

Is this another instance where you think the show is copying off you? I hate to break it to you but it's not.

"In the future... all ponies will DRINK their fruit" Bad idea, and not healthy. Many people used to believe (From what we saw in sci-fi) that our future foods would taken in protein pills or all that stuff. But food scientists have discovered that it's not just the NUTRIENTS of food we need, but our bodies also need BULK (The solid stuff that food is made up) it helps build up our bodies and gives us more strength.

So the food of the future will pretty much be the same as it is today.

Since Stellar Flare is taking change too far (Which already sickens me) but she's endangering future health as well (You can't get through your days just DRINKING fruit juice. You need to EAT actual fruit as well.

You do realize that people's theories INSPIRED the sci fi stuff right? Not the other way around? Because that's what you implied there

Even Starlight's father is taking preservation way too seriously. Like I said, SOME changes I DO trust, but even I know that some things can't stay exactly the same forever... JUST... SOME... THINGS.

Why are you docking points for this?! We're not meant to be agreeing with the preservation stuff!!!

***Sighs* Friendship is blooming again in a way I don't like. Sure, it's a good thing to try and help each other some times, but I prefer to stick to Seth MacFarlene's song.**

(missing video link Family guy song you are so awfully different)

Okay this is something I noticed with Mykan. I don't think he actually hates friendship I just think he has a really warped idea of what friendship should be. That they should agree on everything, that it's okay to be a jerk to them, have them never leave you and support you no matter what. If they don't do any of those things or disagree with you in

any way. They aren't your friends. But that isn't friendship. That's just surrounding yourself with yes men.

Stellar is really being a lughead... She's NOT LISTENING (Just like the idiots who are probably;y mocking this NOW never listen)

Here's a good RECENT example.

"He's [Mykan] even got a story where Celesto owns his own space-station. Is HE THAT (BLEEPING) RICH?!"

***Real Deal:* Celesto does not own a space-station. In Rainbow Rocks he is a former astronaut, and was called out of retirement to do work on THE INTERNATIONAL SPACE-STATION (Work that only he could personally do himself)**

I mean really... these people not listening really makes me wish I could belt them upside the heads! (They've given me no reason NOT to)

Oh I'm listening Mykan. And so is everyone else It's just that you're so vague sometimes people have to draw their own conclusions and then you get mad at them when they don't interpret something the way you meant to. Way to make this whole conflict in the episode about YOU.

Okay, much as Firelight's attitude towards Starlight is cute... it's WAY annoying, and he's STILL not listening.

***Sighs* Stellar just lost more points for STILL not listening and now she's behaving like TWIT-LIGHT SPARK-LESS!**

SERIOUSLY!! I'm as annoyed as Sunburst by those ponies and their terrible act to make up a problem

START... A FRIENDSHIP PROBLEM!!!! I didn't think I couldn't possibly find a pony outside the Mane 6 whose is dumber and more annoying than all 6 of them combined... BUT IT LOOKS LIKE I HAVE!!! Stellar!! (Ought to make her watch "Lesson Zero" when TWIT-LIGHT tried to pull a stunt like that)

WHY ARE YOU DOCKING POINTS FOR ALL OF THESE!?!?! WE'RE AREN'T SUPPOSED TO AGREE WITH HER!!!!

"WE DON'T WANT YOUR HELP!!"

There ya go! That's an improvement! Finally driving it to them straight, and they deserved that. (I think I could use this for Darkness of Dimensions)

Beast Boy: "The city was doing fine BEFORE all these stupid changes! Now, you've cost the city it's soul, and I want no part of it!"

Davis: "I have told you before, I don't want a girlfriend, so STOP SETTING ME UP ON BLIND DATES!!! I DO NOT NEED YOU PEOPLE TELLING ME HOW TO RUN MY LIFE!!!"

Things like that...

There's a huge difference between not accepting help from people who obviously aren't helping and turning away your friends help when you're being nothing but a whiner....

Oh, boy... here comes the sweet stuff THAT I DON'T LIKE (got my barf bag ready)

Much as it's understandable, I disagree with Starlight...

"I know I've made some mistakes, and I'll probably make a bunch more. I think that's what growing up is"

That's barely 10% of what growing up is to me. Learning is just ONE thing, but everything that goes with it is HELLFIRE to me...

-Losing things you loved, to be replaced with nothing

When does that ever happen?

-People around change into such rude, grouchy, abusive characters you don't ever want to see again.

Funny. The people around ME are still the helpful friendly people I knew when I was a kid

-Make one mistake, and it'll haunt you for the rest of your life

Not EVERY mistake. Mistakes are a part of life

-No sense in trying to make up for it... the people don't give a damn (Which is why I'm starting not to give a damn myself. Why should I give the mercy no one's ever shown me"

Because you don't wanna put anyone through the stuff you went through? Because it's the right thing to do?

UGH!! (So not liking this episode) so far this is the worst one of the season with the lowest score.

Sunburst: "you really need to stop being so petty with us!"

Mykan: "Why should I? Everyone else is more pathetically petty with me, and don't listen. They'll get none of it in return."

You are a hypocrite. You just can't accept the fact that YOU KNOW everyone else is right and you're wrong.

Starlight: "I think you should learn to open yourself up. Accept change, and try to improve your life"

Oh no. Here we go.....

Mykan: "I thought I had already said, if I don't like it... it's not an improvement, and I will scorn it. Maturity does not equal or guarantee happiness or success. Remember that..."

Yeah except you don't like anything. You just push people away when they don't say stuff that lets you be who you are. You're so content to stay inside your bubble of safety and never letting anyone in because you hate hearing how wrong you are. You are so determined to stick your head in the sand and deny reality because you're a coward who can't face life getting more complicated and is afraid of things not going the way YOU want them too.

Sunburst: "Look you've got to stop being like this, you've got to learn to let go and move on... just like other people do, and even the character you--"

Mykan: "No and that is final!"

The ponies walk off in disgrace

In my mind they're walking off because they know this is pointless.

None complete clause

Before we begin, a little message for all of you out there who don't get the point of my POINT DEDUCTIONS (Especially YOU... "Little Tommy-Boy")

Is....is he talking about me?

If he is I'm honored actually. I've managed to become one of his worst enemies in only 5 months. I must have REALLY pissed him off

Also we GET the point of you're point deductions. It's just your point is stupid...

Ah-ah-ahem...! The whole point of the eps is to IMPRESS ME, that means... give me what I WANT. (In other words, I;m doing just what you and the rest of those

miserable dolts taught me to do: Turn it into a popularity contest, care only for yourself, and pick-pick-pick at all the smallest things... no matter how petty they are.)

Except what you “Want” is something no sane person would make so you’re just setting yourself up for failure. But why do I get the feeling you know that? Also...when did we EVER make it “about ourselves?” If anything you just made it all about yourself.

In other words:

-It doesn't matter if the plot is believable

-It doesn't matter if it's creative, original, or interesting

-It especially doesn't matter if the characters GROW and LEARN.

...If something happens that I find annoying, or irritates me... they lose points (Plain and simple)

Okay. So in other words it's all about what you want. And you accuse US of making it about ourselves?

I repeat (In a revised way)

WHY ARE YOU DOCKING POINTS FOR ALL OF THESE!?!?! WE'RE AREN'T SUPPOSED TO AGREE WITH HER!!!!

I DON'T CARE!!! I STILL DON'T LIKE IT... SO THEY LOSE POINTS!!

...End of story!

Oh so he was calling me out. Because he took a direct quote from me. All right Mykan you wanna debate. Let's debate.

You wanna know why I complained about you docking points for those moments? It's because those moments weren't SUPPOSED to be liked, We were meant to get angry and upset at them. Which means the episode was doing it's job correctly(I know that may sound weird to hear). You took away points because the episode was doing something right.

Okay on to his actual review of the episode

Oh, boy, first thing I see is ponies egos getting in the way. Rainbow Dash is understandable, but Applejack's supposed to be the most level-headed of the Mane 6. She knows there are things more important than being egotistical and getting some silly prize!

First off complaining about someone being egotistical is incredibly ironic coming from you. Second. Ego had nothing to do with it. Rainbow Dash and Applejack were just being really competitive. And take it from me a guy whose mantra is "Winning is everything", competition can make even the most level headed people not think straight.

Oh, great, Twit-light is being Boneheaded again. She doesn't remember how Applejack behaved with Rarity in LOOK BEFORE YOU SLEEP!

You know for a guy who hates the show. You really do care a lot about continuity.

Hmm... arguing over getting things done FASTER and RIGHT... I like that argument.

***Sighs* Between these two Bickering Boneheads, I'd still side with Applejack, but Rainbow is giving me such a migraine. She wants to use some CANOEING RECORD to make T.O.M? More like another thing for her boast about, as if she wasn't already the most egotistical of the Mane-6 (Rarity is still worse than she is)**

AGAIN. This is all about competition not ego.

CRASH!! Applejack and Rainbow deserved that, the students didn't, but... just the same Applejack and Rainbow messed up big there; too busy arguing to notice the danger they put the kids in. I hate characters that do that (Even if I make them myself)

Wow you are a hypocrite. You say you hate when characters do that but then immediately admit you got no issue doing it yourself.

These two are lucky I didn't put the DARK SNAKE SYNDROME and DARK ROOM OF NIGHTMARE SPELL CARDS in play.... every time they did something annoying, like argue, or ignore their students, or mess up... I'd deck them 200 points... plus 300 from the Dark Room... they'd lose 500 points each turn)

Yeah I don't play Yu Gi Oh so I can't comment on that

Oh, my... hahahahaha! Now they're just sucking up! Trying to agree with each other... as if they haven't learned at all.

I hate to say it but I agree with him...

If I may quote from Daddy Day Care: "Losers... Losers... LLLLLLLLLLLLLLosers."

Wow he actually got a quote in the right context for once....

The Ravine scene: Yeah, this is why I like ponies that can fly or levitate, (Which is why my Space Ponies are all alicorns, and why I gave Pinkie, AJ, and Rarity wings)

But I'll let this one slide, since it's a common drawback in the show...

Yeah except you hardly ever have your space ponies do any of that stuff AND even if all the ponies could do it, it wouldn't solve the problem

UGH!!! There's those words again! "Any-Creature"

Say "Any"

Then say "body"

Then put them together "ANYBODY!!!!" GAAAAAAAAAAAAAH!!!

I already ranted about this earlier in the doc so go to the school daze section

"Best Field trip EVER...!" UGH!! That Silver Stream really makes me sick!

I love her....also why are you using the word "Sick" a lot lately?

-The shed building was a flop

-You had a huge accident in the river and nearly got hurt

-One of your friends nearly drowned

-Applejack and Rainbow got you lost

-And they got THEMSELVES in danger.

And once again at the end... "It's quite obvious you two twats haven't learned ANYTHING from what happened today, and I'd say that's a shame." once again, MLP pounds the very lessons they try to teach "About getting along" out the window.

Wow. He actually had a legit complaint for once. Although he's wrong about the "once again" part.

The Breakup Beatdown

Just deleted someone's nice comment on one of my fics I hate... telling them to bug off... and now this

Yeah I've got a theory as to why he deletes the comments on his "good" stories". It's because they prove him wrong. Mykan wrote those stories to try to "prove" that no matter what he wrote he's gonna get mocked and scorned. When people don't mock and scorn him over them it proves him wrong and he HATES That.

But I digress. Let's riff.

Oh, crap! A Heart's and Hooves Day ep is bad enough. Still, I don't ship Big Mac with anyone, so break up or not, he's not on my shipping chopping block, but I'm already constantly reminded of BB and Terra.

This ep just may get a low score.

We're off to a GREAT start aren't we?

Oh, no... it's Di-stupid-scord (the absolute lamest character I have ever seen in this or any cartoon period!)

just for that alone...

For those who don't know Mykan HATES discord because he doesn't understand humor and therefore hates funny villains.

Wow! For once, Dsicord said something I can actually with him without gagging, "It's a commercial holiday"

WWho cares?

The invitation INSIDE the Pie? Not a good idea, but this one's petty

Okay what the hell is this? Sometimes you'll take away points for a petty reason but sometimes you'll admit it's petty and not delete anything? What is up with that?

Despite Spike's offer to tutor Discord, I think he's in over his head. Sure, Spike has his moments with Rarity and being a gentleman... but reality check: IT DOESN'T COUNT!!!

Are you dense? Spike wasn't trying to "tutor" discord. He was trying to show him how love works. That's totally different. Oh and yes it does count.

Wow, the mail ponies sure know how to handle a FRAGILE PIE... but then again, Big Mac didn't label it so...

Still, it doesn't really bother me much, so...

-No damage

...!!!!

On second thought, now I will deal damage for the mail ponies making the ink run!

And because you hate Derpy and are extremely petty.

Ohhh, CRAP!!! Sweetie Belle and Big Mac are in for ONE HUGE HUMILIATION! (Much as I like it when these ponies are humiliated, this isn't exactly what I have in mind)

This is exactly what you have in mind you giant hypocrite.

"Secret admirer" OYI!! Well, I could damage this, but I won't. Reason: This helps show people like my haters THE VIEWERS PERSPECTIVE to CHARACTERS. Sure... WE know of the mix up... WE know of certain things... but that doesn't mean the characters do. Sometimes, no matter how obvious it is to us viewers... the characters still may not no

Yeah no freaking DUH. That's almost always the case. If you're trying to defend that Starfleet chapter it's not gonna work.

"*Sigh* Another Hearts and Hooves Day!"

"Bleck!" says Count Bleck!" I hate Hearts and Hooves (Valentines) No it's not cuz I'm single (I LOVE being single, but I don't love all the lovey dovey mush and nonsense and the way people behave like it's a necessity)

Yeah you've already made that perfectly clear. Although I suspect you're also envious of not found someone to be with

***Face-palm* Spike... what the HELL are you doing ducking from Sugar Bell?! You're not the one infatuated with her, you don't have to hide to keep the special secret except keep your mouth shut.**

Such stupidity this show!!! (It's not a joke to me)

Because it's a gut reaction? And it wasn't intended to be a joke.

Eavesdropping and not getting the full story! What a cliché! Even when I myself have to put it in my stories I don't like it!

Hypocrite in every definition of the word. You don't HAVE to put that stuff in your stories ya know?

The Game: Hmm... I wonder what Discord would do to Yu-gi-oh, then again I already saw something DOOFY like that before... (Yugioh GX: Blair Flare)

Bleeeecchhhh!

I haven't seen Yu Gi Oh so I can't comment on that.

As for trying to cheer Big Mac up... well, even though the full story is not yet told (And I'm positive it's a misunderstanding)

I got a message for both Spike and Discord to reflect on about Break ups...

"At a time like this (When the break up is fresh... **The absolute, worst thing you can possible do is try to cheer someone up!**

Even though Break ups do happen, heart break can be extremely painful. It can't get better... not right now. Just give Big Mac some space, and he MIGHT find his strength again, but some people (Depending upon how severe the break up was... they may not get better from it... not ever.

Break ups are dangerous, as well as natural, and if you're not careful, they can lead to consequences."

(Ooohhh... Pressure rising... very bad...)

(Picture of Things change)

(Just you wait!)

Ahem...

Oh boy here we go. NO You are WRONG Mykan. The absolute worst thing you can do is leave someone alone. Why? Because that gives the person who got dumped that no one cares about him/her. Heck that's part of the reason you had Beast Boy turn into Count Logan! And I KNOW You Mykan. If you were in the position of getting dumped you'd pretty much DEMAND everyone give you a pity party. Because that's ALL you want. Also "MIGHT find his strength again?" based on your track record you think NO ONE is ever gonna get over break ups.

UGH!!! Once again, Discord is being stupid suggesting Big Mac go Hard on her (When they still don't know the story) and Big Mac's going along with it...

BEcause being sad and upset makes you do stupid things. Mykan's one of the prime examples. And so am I.

I am seriously getting ticked here!

A huh! A misunderstanding... That'll teach ya to eavesdrop

"Talking... communicating instead of assuming" Wow, a lesson I can agree with... too bad mockers and haters refuse for shits and giggles (They oughta get slapped a kicked)

Why are you taking such a big issue with that?

Oh, great... now Discord's buying into it.

Because he learned his lesson....

Like I said, I don't ship Big Mac with anyone, but seeing his coupling work out after all, only triggers more for Beast Boy and all the other failed shipping I shipped...

At this point what DOESN'T trigger your "ptsd"?

The Molt Down

Aww, Spike and Rarity, much as I say Rarity is the worst of the Mane 6, I ship her and Spike.

If you think she's the worst then why do you ship them? Don't ships require you to like both people?

And before you say "I don't like Terra" or something you had to have liked her at some point.

So Rarity gets a blemish from time to time and CLAIMS she doesn't freak over it... um, hello... this is RARITY, the vainest and shallowest pony in the series. Just TOUCHING her without her permission could make her yipe!

Still, I can let this one off...

Okay he's HALF right. I don't buy either that Rairty wouldn't freak out over a blemish...BUT Rarity WOULDN'T freak out over being touched without permission.

"Every Pony" has to leave the nest as some point!" IT'S A PHEONIX... NOT... A... PONY!!

GRRRRRRRRRRR, I hate their vocabulary speeches.

Yes you've made that perfectly clear.

Gee, these stone scales give the chicken pox and acne a new meaning.

Tut-Tut, Twilight... you should copy/backup your files like I do.

SHE DOESN'T HAVE COMPUTERS!!!!

(Hmmm... so far so good, maybe this episode won't make me gag so much)

Okay if these episodes make you physically sick you need to see a doctor. BADLY.

Smolder's being a little harsh on Spike, but then again Dragons have an unusual culture.

Is it just me or is he sounding a lot nicer here?

UGH!! Pinkie... as annoying as ever.

That's a dock.

Didn't you say in another riff you don't lock docking points for being petty?

Poor Spike, I bet he wishes he had a DIFFERENT kind of attracting power (Like one that would attract Rarity) hehehehe

I bet you do too. Then you could attract women for yourself.

AAAAAAAAAAH!!! Rarity's screaming! (The episode is LEAKED so it has no music and little sound effects) Still, it's not exactly something to be angry with.

You just knocked Points because Pinkie was being "Annoying" how is this different?!

Ooooookay... a stone cocoon... Uh, hehe... errrrrrrrr... I don't really see anything wrong, just think it's silly.

You wouldn't know silly if it kicked you in the balls.

Well, well... you just beame a BEAUTIFUL Dragon-Fly (...not funny) But... loving those dragon wings. (It's almost like I predicted Spiek would get them when I made him grow up in 2014)

Oh great. This is gonna be his death battle thing all over again. Him bragging because he thinks he's been validated.

And this calls for a song...

Which I will not link too.

Wowee... that Spike's fast for a little half pint.

***Sigh* Spike, you took what Smolder said too seriously (This is why MY STARFLEET SPIKE is more level-headed. Though he still has a few freak outs)**

Oh great. Him bragging about how his interpretations are better. First Celestia now Spike

Ha! Well, at least Spike earned himself more time with Rarity (Even if it is embarrassing)

I didn't particularly like that ending. I just felt Rarity was coming off as insensitive

Well, what d'ya know? An episode I can admit that I liked

Because Spike is one of the only 2 MLP characters you like but you like him for all the wrong reasons.

and these don't happen often, but for those wishing to compare Twilight getting Wings to Spike.

Wait? What? Who said anything about comparing? In fact there's no comparison. Spike and Twilight's situations were completely different!

I hate Twilight more than I hate Spike, as a matter of Fact, Spike I like more than any of the Mane-6.

Yeah but as I stated before you like him for all the wrong reasons.

Still, I'm actually proud of Spike, this calls for my SSRFMM (Surf Em) outro.

URG as a huge Shazam fan I intend to rip that video apart one day...

Marks for Effort.

Well, I doubt you'll be getting any from me. (I care more about RESULTS than EFFORT) If I don't like the results, you get scorned, plain and simple. (Just like my haters do)

So basically if you can't do it right away. Never do it.

Let's see how you'll disgust me this time...My LOSER Ponies.

Wow you are the king of insults Mykan(Rolls eyes)

Then again, I and my haters all live the same code (The Ways of General Esdeath) when it comes to writing, TV, games and all that stuff.

"Understand something: You are never going to change who I am. YOU will be the one changing for me! That's all their is to it."

Oh I understand all right. I understand you're once again taking a quote out of context to defend yourself and while this quote works better it's still not a one to one defense of your life!

And don't try to deny it, your attitudes as well as mine speak differently.

At least you admit it....

Now, onto the rant...!

***Sighs* The CMC are Snooping again. As if "BREAK UP BREAK DOWN" didn't teach you about Snooping like OTHER PAST EPS HAVE ALREADY!**

When has snooping backfired on them? They haven't learned not to snoop.

"Learning Friendship with your best friends... and Cake!"

Ugh! Gag! (What could be better than Learning about Friendship with your best friends? For me: Avoiding that who;e hornest's nest completely and work on fics, vids and blogs instead)

You are a total pessimist you know that? At least you admit it's only for you. But how DARE you define spending time with your best friends as a "Hornet's nest"

Hmmm... Twilight leaving Spike in charge of the class. I would say that's good... that way I don't have to listen to HER all the time, but why do I have a feeling she's going to regret that.

And because you only like Spike.

"Isn't this place for... "EVERY CREATURE!"

UGH!! What have I told you about Saying that?!

Mykan what is your beef with not using everyone. Please tell me. I want to know.

"Spiiiiike... what did you do."

**Possibly something you've never done... and that's something RIGHT!!!
Hahahaha!**

Twilight done a lot right. Like helping Celestia when no one would when a crazy assassin was after her and heroically sacrificing herself.

**Uh oh... the Crusader's got one of their IDEAS. *Get the anti-CMC-PLAN kit ready*
It's always the same with those little squirts.**

Not since they got their cuti marks

Even in my Starfleet series, DD wants to go to Starfleet Academy a lot, but she knows fully-well she's too young,

Yes but that's not interesting..

of course she has had a load of adventures and misadventures with my Starfleet CMCs, like prep-training.

I'm getting off topic...

Point is, those CMCs are being really pathetic right now with bogus acts. I'll give it...

Bogus? How is that bogus? It's not fake or anything.

Hmm, a little pony finding it hard to adjust to change... I'll spare it.

"When you give form your heart, you don't expect anything back..."

..PUH-LEASE!!! *Glaring at Sweetie Belle*

It may noble to do that, I'll give you that, but how do you expect to gain anything if all you ever is GIVE and NOT RECEIVE?

you I know you said you "Don't EXPECT anything back" but what is also means is "You REFUSE anything rewarded to you" why my haters would bitch at anyone

the second they took a reward they were offered when you're supposed "Give form your heart and REFUSE"

Oh wow. Where do I begin with this statement? So what you are basically saying is. You don't want to do good things unless you get something in return. Spoken like a true selfish Asshole.

Do something nice for total strangers?! Well, I can't really criticism that. Everyone does it once in a while... heck I did it this week, I was out for my daily walk and two people came along lost and asked me where the nearby plaza was and I showed them.

Even at Anime North, due to my 15 years experience there, I guided lost people around, and showed them were to look for things they really wanted.

If you're trying to make you're haters think you're a nice guy you're failing miserable.

Snooping again are we!

Oyi! In my Starfleet Season five, the CMC had a better way of getting to know people; by taking a small census (As was part of their school project)

But that's not INTERESTING.

Okay, Cactus Helmet... What the hell?! Worse than that, Scootaloo just gave away her helmet. The act was nice, but it wasn't smart.

She could always get it back when Bon Bon is done with it. And if not helmets aren't expensive.

Hmm... another 200 it seems. Sweetie Belle's idea didn't really go well "At least she liked her present"

If may quote from Paul from Pokemon: "Being PATHETIC is nothing to be proud about."

Wait hold up. You've SEEN Pokemon Diamond and Pearl? Well why don't you bring it up more often? Pokemon just seems like something you'd bring up more especially a character like Paul- I'm getting off topic aren't I?

True, pitching in DOES make chores go faster, but that doesn't mean the people will be thankful, grateful. I would know! I help around the house as best I can, and I even weeded the entire garden, and everyone's still all cranky and loudmouthed.

barely even get a "thank you"

Makes me want to forget doing nice things for them PERIOD

A) Asshole. B) If you're family is that ungrateful THEN LEAVE!!!

No surprises you got an A... what with Professor TWIT-LIGHT in charge. (I'm just being insulting)

"Is it... CONTROL?"

Yes, very good. Because What Twilight does is never friendship, just like my what haters do isn't criticism, and what I do isn't development...

...It's Lust for Control and Obedience.

Okay first off Mykan. Listen to me. I KNOW you are reading this so I have one thing to ask of you.

SHOW me examples of Twilight making it more about control than friendship. Make a journal or message me I DON'T CARE.

I want you to SHOW ME. Otherwise you need to stop making up excuses to hate twilight just because she has the life you want.

And secondly. More proof you don't know what criticism is.

Okay, Twilight is seriously being retarded, worse than ever. Even though she didn't SEE what was happening.

So you understand WHY she made a bad decision but you call her retarded? What is your logic?

And what Cozy Glow was equally, if not WORSE, failing on purpose like that. A guaranteed CMC plan destined to crash and burn.

She's just a kid! Kids make stupid plans all the time! And she was just trying to help! Something you wouldn't understand.

Their just lucky my haters are even more retarded than they are... still...

Twilight's apology means nothing to me. If I was there, I'd give her a big fat no and walk away. And the girls being teachers... after their record of messing up?!!!

-Twilight wouldn't even CONSIDER talking to you. And in my view the CMC EARNED being tutors.

Well ep was certainly pathetic. I think I'll give Twilight a few good kicks to the rump in Darkness of Dimensions.

And we'll be there to riff it when you write it.

Hey guys. I'm not gonna be covering The Mean 6. Mainly because I didn't like the episode at all. In fact I don't know if I'm gonna be continuing this riff. There's been some....complications...

Okay. Hiatus over. Time to tear Mykan's next review apart.

A Matter of Principals.

Spellenderhunt" Great... now their ponyfying more words, like Ponysona... makes me gag!!

Who the hell cares?! It's not a big deal! Why do you care about it so much!?

Ooh-hoo-hoo... no teachers left to run the school. Now that I approve of. (The only time school is cool to me is when it's OUT or CANCELED)

Hey I don't like school as well but i understand it's important!

***Sighs* Twilight is making a seemingly RUSHED decision again without much INNER THOUGHT. What a twit!**

She made a plan for a situation like this a while ago you nitwit!

Oh, not Dipshit... I mean Discord.

What exactly is your grudge against Discord exactly? Just because he's silly? Because he redeemed himself? Because there have been a LOT of Power Rangers villains who have been either Silly or redeemed themselves and you like that show!

Oh and he deducted 500 points just because Discord showed up. How petty can you get Mykan?

Notice how Spike is hovering with his wings way too much. I understand he's excited about them, but it's not healthy. Gotta use your feet or'll they'll get weak. Still it's a petty point out.

...Oh so that's petty but deducting points just because a character you don't like shows up isn't?

TWITTERMITES!!! First Flyders, then Zap-bees, and now this...?! Eh... it's small

Would you stop being inconsistent!?

Oh boy, Discord's substitutes are doing ridiculous. (Wonder if Cranky and Matilda divorced) I may like to teach others friendship doesn't always work, but NOT LIKE THAT.

Okay first of. WHY does that indicate they divorced. Secondly. You do it EXACTLY like that. Cranky definition of friendship is pretty much yours!

Okay... 1 "A Dragon-Sneeze Tree. You have a tree that's soul purpose is to make Dragon's sneeze? Tres... Lame!

2: You used that word again "Every creature" I warned about using it, now PAY UP!

-500

(From now on... every time they use "Every Creature" That's an automatic 500 points)

You're seriously gonna remove points every time they don't use the term "everyone"? How petty can you get!? Okay. Mykan I want to know. What the hell is the big deal? Why do you care so much if they don't use everyone?!

New subs: Spitfire... Trixie... and Maud Pie...

Pretty lame, Starlight, but I suppose I can let this one slide. gotta give em a chance.

gh!1 Magic is not Friendship, Trixie. That's why I scoff at this show's title... Friendship is Magic (My ass it is)

To quote my good friend Senorcorhillo "You are aware that in the MLP universe Friendship CREATES magic?"?

(If I could I'd make a Death-Like Magic Battle with Abra and Trixie... Trixie would lose)

Then why the hell haven't you!? It didn't stop you before!

Ha! Friendship is about honest, people claim criticism is honesty... yet there's a difference between HELPFUL criticism and being a jerk. Some my haters refuse to learn and think being bullies is the right way to motivate someone (Nope, it's just gonna get them SERVED... hopefully in jail)

Mykan. People HAVE given you helpful criticism. It's just that your typical fashion "Helpful criticism" means "Accepting my work is good despite all the flaws in it" and when people helpfully point out those flaws you act like they're hating on you just because they didn't think your work is good. And then you react with venom and spite towards them. And you wonder why people don't like you!

Bravo Starlight... for Blasting Discord (I hated him always, even if he brings up good points, I hate him) But I don't give you points back (Once they're gone... they're gone)

Oh boy, another left out episode, that will go in one ear and out the others.

....Huh?

And DISCORD... VICE COUNCILER!!!!

-HALF SCORE!!!

Oh suck it up you big baby the episode is almost over....

And Discord is the one who called the whole plot...

Take another 500!!

Okay I'm gonna have to agree with him there. Discord should have been called out.

Discord may not be V.H,M anymore, but I already halved the score... since Starlight was even THINKING of it.

Petty.

this ep sucked.

It feels great to be pulverizing these putrid pukes of ponies again.

I'm going to go watch a DIFFERENT Matter of Principals that has Andrea Libman, and Tabitha ST Gemrain in it (MONSTER BUSTER CLUB: Matter of Principals) Better than this crap I just watched and hated

I don't know that show and I don't care. Also Mykan. If you're gonna message me on fimfic...UNBLOCK ME!!

The Hearths Warming Club

Huh! Christmas in the summer. Well, it's not unheard of, and hey... even YTV is showing CHRISTMAS SPECIALS like Home Alone and ELF in August, a Holiday's in the Summer thing. Then again movies and shows are JUST THAT meant to be watched WHENEVER... not really restricted to holidays only.

Still... I must stay true to my protocol and torture these NAUGHTY creatures. (Even if I HAVE no reason to hate them, hate them anyway)

So you admit you're just making up shit so you can hate on mlp?

?!! "YOU SAID "EVERY CREATURE!!!!"

-500 (Just like a promised)

There are only so many ways that I can ask what the big deal is....

Yeah it's petty, just people crap on Rhymey for hating Rhymes, and don't give me the (His Rhymes are Awful. It just increases your own Pettiness s well as patheticness) This is retaliation (You hack Rhymey for his rhymes... I'll hack the ponies for their OWN vocabulary. Simple as that!)

Oh it's not just because we hate his Rhymes. It's because his entire gimmick of speaking only in Rhyme gets old FAST because you shoe horn him in so often. It doesn't help that Rhymy doesn't have ANY character whatsoever. He's just a blank slate who talks in Rhymes.

"It's also about putting differences aside"

Oh, Gag! Let me tell you something Twilight, here in our world NOT EVERYONE does that, my haters don't do it to me, and I don't put aside my differences for YOU and MLP (I don't stop for pretty much ANYTHING... not even for the holidays)

Only selfish people don't put their differences aside. People like YOU.

?!! "Happy Holidays every creature" YOU SAID IT AGAIN!!!

Okay at this point I'm gonna stop commenting on that because it's gonna get old fast. I will say I think it's a really unfair way to dock points just for that and not something involved with the episodes plot

Aha... a troublemaker... hehehehehe... maybe there will be less irritation in this ep after all (But I doubt it)

?!! You said "Any Pony", and "ANY CREATURE"

That's 700 (200 for Any Pony... 500 for Any Creature)

?!! "No creature" You just love pissing me off, don't you.

No they don't. I doubt the people behind the show even know who you are.

Ugh! More Changeling redemption... GAG!!!

You'll notice he hasn't actually said anything about the plot of this episode yet...

Okay, Yona's holiday, I admit is pretty cute and funny... especially the way she describes it.

Why?

(Listening to all the traditions that go on) I'll wait until the end to explain my own.

Nobody cares...

Wow... Gallus is finally telling a kind of story I prefer, how not EVERYONE is happy on the holidays, and to open people's eyes to realize this. (You need to think about more than just YOUR OWN happiness)

Okay then. Do you care about OUR happiness? Do you care that WE enjoy MLP or do you think we're too stupid to know any better?....Yeah that's what I thought. You don't care about anyone but yourself Mykan.

Well, I gotta admit, that was touching of the others to be nice to Gallus... and for once, I won't gag at it, or damage it.

Why the hell are you getting all sentimental NOW!?

The rest of the blog is basically just Mykan talking about his Christmas traditions...I don't know why....

Disclaimer. The next two rants are based on earlier versions of Mykan's blogs before he edited them

Friendship University.

Okay. This is gonna be a fun one. You'll see why in a bit...

Oh, no... not Starswirl the BEARDO again...

Ah well.

In case you don't know Mykan hates Starswirl because Twilight looks up to him.

Hmmm... Friendship University, eh...? Sounds like Rivalry's a foot. This could be interesting,

-No damage...

but I may as well use my intro. This is only place I'll ever tolerate Star-Slop (My way) and it will make T-Boy pretty pissed

(Missing video clip. Mykan's dumb Surf Em thing)

Oh so now he's trying to piss me off. Well it aint gonna work.

"I don't like to judge on appearances." Think again Rarity... as a vain and snobbish diva you think just the slightest speck of dust makes someone "Uncouth"

That is not true and you KNOW IT.

-200 (Just because)

And you say you aren't petty...

Huh! Haven't seen Flimm and Flamm in a while...

-No damage

Hmmm... well as much as I like how they're trying to show off Twilight, I do approve of all this bribery in appearances and show offs. That always leaves a good sign something is up... T-Boy would know.

How...How would I know? Like I don't understand what Mykan is trying to say here...

-No damage

Oooohhh... Neighsayer's back... hehehehehehe! things are getting steamy... (But I know it won't last)

I thought you said you were mixed on him. Why are you happy to see him?

-No damage

"How could the use friendship as a weapon" Seriously Twilight... you just became more pathetic:

-The elements of Harmony are used to ATTACK as well as other things, and since Friendship powers them up, THAT COUNTS as a weapon

I don't think that's what Twilight meant...

-What about take advantage of friendships and use them to TRICK friends, to lead them astray, or even take advantage of that and turn them against one another (WHICH DISCORD DID ONCE) That counts as being used as a weapon.

Actually Discord just uses the opposite of the mane 6 virtues against them. But then I wouldn't expect you to handle a complicated idea like that.

Also why do I get the feeling this hits close to home with you?

Face it Twilight (and T-Boy) you're pathetic. Somebody give this pony the beating she deserves...

....I'm not gonna get angry..that's exactly what he wants....

"I... No... I am not!" Twilight, you and you friends (And T-Boy and his followers) try to undermine people all the Time. You try to force people to give friendship a chance like you did with Moondancer

Yes because how dare Twilight want to make things up with an old friend? How dare Moondancer decide she wants to be happy. And you are aware Twilight did give Moondancer the option right? If she was trying to "force" her she wouldn't have let her say no. Also I've never tried for force anyone to do anything

While T-Boy and his goons make peopel blakcmailing Deals "Do YOUR stuff OUR way, or will break you to pieces"

.....Okay first off "goons" what goons? I don't have any goons! Secondly Blackmailing? When have I ever blackmailed. And Thirdly. I've never said that! I'd never say something like that!

"Somepony who's opinion I respect, that's who" Way to be shallow, Twit-Light. Aware that she's suspicious that's it's Flimm and Flamm, so let me get this straight...

You don't trust someone, therefore any and all opinions they tell you (Even if they aren't crooks or thieves but just people you don't know) that makes them automatically wrong?

That's not really a fair comparison. There's a huge difference between "Person I just met" and "Con artist who have scammed people in the past and clearly haven't learned a damn thing".

Oh, Rarity...!! You have done some LOW THINGS, but this takes another piece of cake. (This is why I prefer my Starfleet tech. They could tell it was him without actually going up to him (DNA scan)

Is there anything your space ponies CAN'T do?

Twilight... Nobody likes a whiner, (And No, T-Boy... I'm not whining, and even if I was, at least I don't whine like you do, which is way worse)

I'm not whining! I'm complaining! THIS IS WHINING!!!

On a serious note you pretty much whine all the time Mykan...

The disguises.... HAHAAHAHAHA!! Rarity, you are such a nut! You don't like wearing what you deem "Tacky outfits" You're a fashion diva, and always will be to me. No honesty, or good deed or kind gesture will make me see you in any other light. I've branded you "FASHION DIVA" that's what you are, and it's ain't comin' off.

And how is being a Fashion Diva a bad thing exactly? Oh wait. It's because most mean girls in media are Fashion Divas therefore you have to associate it as bad...

And take another -200 for that fellow school mate being totally oblivious tot he most obvious of disguises

Rarity's disguise was all right...

I mean seriously, what is this... CHICKEN BOO?

"Plainity" more like "Vainity" Still, she's got a point "It's all in the act/rehearsal"

You call THAT generous? I call it PAMPERING.

-200 for their stupidity

What stupidity I don't know what you're refering too because you aren't explaining!

Hehehehahahaahahaha!! I love it when Twilight's backed into a corner (The blackmail)

-No damage for sure.

Cartman is your favorite character in south park isn't he? I feel like you two would get along.

Sighs

Natually I knew Twilight would win, which sickens me, and now she has more students to teach into stupidity.

-1000

Yeah Twilight won! Party!

Not liking this ep, despite Twilight's squirms.

This will make great stuff to know what to do what NOT to do when it comes to SSRFMM (Surf Em)

When are you making that anyway?

Until then... (Up yours T-Boy)

Still not angry.

“The End in Friend”

Well I really enjoyed this episode. Time to see what Mykan-

Time to blow these twats off again, and make T-Boy angry (If he really wasn't he wouldn't riff me and make death threats in his blogs)

.....Okay.....NOW I'm mad....I NEVER made death threats to him. EVER!!! He's flat out lying! Either that or he doesn't know what Death threats are!

Compromising Friendship?! I really despise that term. (compromise is practically dead and useless)

Oh right. There can't be any room for compromise with you. It's either one way or the other. Because your simple one track mind can't take it.

True models of STUPIDITY is more like it (All they need is T-Boy standing next to them to make them look less stupid)

I'd ask you to stop attacking me but I know that you won't....

"You guys have nothing in common. How can you be friends"

Well... here's ONE WAY...

I used to believe that, but these days, I'll take Seth MacFarlane's ideal of it...

Yet another song taken out of context...

That or THIS way...

(Skip to 1:45)

How does a clip of Wes and Eric finally becoming friends prove your point? It proves the opposite!!

"I don't want to be friends means *I DON'T WANT TO BE FRIENDS*" (something I like to use in Friendship is Failure... AND REAL LIFE) "When I say "No" I mean "No" end of story. I'm not going to give in like Moon Dancer did... especially not to improve some SENSELESS form of human morality.

Yep it's official. You're a psychopath. You don't have any sense of morality.

-No damage

"Friendships can't be explained. You have to see them in action" (try telling that to T-Boy. He'll just hypocrite himself to bits) Yeah right... been there, done that, doesn't make a difference to me.

"Hypocrite himself to bits" what?

A huh... Rarity's acting JUST like portray her; can't get her mind off Fashion. (HER ONE TRAIT: An Overbearing, Over-dramatic, Fashion Diva) "*Rarity would take first prize in a stupidity contest*" (And runner-up is T-Boy)

Hah! He's right! I am stupid! But I'm not THAT kind of stupid. Also continuing to believe in only one character trait I see.

Hehehehe, Twilight's looking bad again. Probably should've done your research better, Twit-light. (Then again, people like T-boy don't even care. He said himself "I DON'T CARE")

I said that in the context of your christmas traditions which weren't relevant at all to the episode review you were doing.

Seriously, these compromises are as lame as the SO-CALLED compromises my detractors give me. (Stop writing... keep it to myself... leave the franchise) That ain't compromise... that's wanting me to leave out of their personal desire and makes them extreme sadists, especially

WE'RE extreme sadists!? This coming from the guy who likes to torture characters for the crime of being happy and you're not!?

"The playful and friendly exchange of remarks"

Okay, I'm gonna dock you 500 points for being so idiotic. (Now she really IS trying to BRAINWASH students)

Right because according to Mykan there is no such thing as playful teasing.

Seriously... this whole RARITY DIGGING thing, annoys the hell out of me... she's supposed to be like this...

She was INTENTIONALLY annoying them you moron.

?!!! YOU SAID "EVERY CREATURE!!!" You know the penalty.

(Sit DOWN T-Boy. This is my rant, I'll do what I want and how I want it... BECAUSE I CAN)

Oh so you admit this is a rant and not a review.

"They can always get past the problem and stay good friends." Seriously Twilight, how much WEED did you put in your oats this morning? SOME... FRIENDSHIPS... CANNOT... BE... MENDED!!! (MLP only mends them because it's scripted to) in real life... it doesn't work that way all the time. Hence my FRIENDSHIP IS FAILURE series.

It's pretty clear from your attitude that you don't think "Some" and you think "All" you think all friendships are destined to be destroyed and can't be mended. This is an INCREDIBLY pessimistic view of the world. And also as my FRIEND Legendbringer pointed out half of your Friendship is Failure problems have nothing to do with friendship!

"Just because you may believe in friendship doesn't I HAVE TO"

"NOT FRIENDS ANYMORE!!"

WHOOOOOOOOOOOOOOO!! ALRIGHT!! NOW WE'RE COOKIN' HE-EY... AH YEAH!! BOOM-BOOM!! (You're finally doing something right; getting a dose of reality)

Mykan. Do you honestly think this is gonna stick?

Say... shouldn't the Friendship Map be going crazy by now? Trouble with friends...

No.

You go Starlight... "Not telling me everything that's ever happened in the history of Equestria" (I compare that to what I consider needed writing and dead weight. I don't need to explain every single solitary detail in stories... especially since T-Boy and his dorkfest made it clear they don't care either way. T-Boy even said "I DON'T CARE" regarding explanations)

NO I said I didn't care about your holiday traditions because it wasn't relevant at the time! Also you said you don't need to explain every detail so why do tons of your stories repeat details ALL THE TIME?

and "Talking isn't enough" a very good point.

A book club: Despite it's for a good cause... I'd turn it down.

Wow... now their even turning into T-Boy and his posse by being hyper critical about each other's stories. Tisk-Tisk. (Wow, they even copied their sloppy reading tech as well)

...What?

Wow... Rainbow's yawn. That could be a new vid meme, how I'll use to describe my complete and total disinterest in things...

-Character development and growth

-So called improvment

Ect, ect...

Already knew this...*Yawn*

Eeyup... just like T-Boy and his feast of fools. Don't even bother to read it, and if they do it's very poor.

I HAVE read your dumb fics!

-Kamica's element is not ICE (Never was in ANY version) it's plasma energy

I never said she used ice!

-Beast Boy was pissed over MUCH more than just getting dumped by Terra

You yourself admitted if it wasn't for things change he would have been FINE. So yes it IS all about Terra.

-Ath-Lita was abusive to her brother and physically beat him up and blackmailed him to complying.

Mykan. Talon Ted is the kind of character who someone could beat up for being lazy and no one would judge them for it! Also he could have backed out and left home anytime to escape the baseball bat beating!

Yet they still choose to ignore all that. After all they said it plain when it came to explanations "I DON'T CARE" (These peeps are a waste of CELLS)

I hate you....

***"What's so bad about Equestria being in danger?"* and I also smell a ruse...**

I'd say her boots are more FANDANGO than Magenta. I always considered Magenta LIGHTER than that.

Hmm... this almost gives me the idea for Artie to 1 up Rarity in Colors. But since their both strong about it, maybe not

Called it... A RUSE.

Still... no damage

Reason being, sometimes it takes a little SCAM to get people to realize the errors of their ways, like I made Grand Ruler do to Twilight in Starfleet Season 2

"Sometimes what you WANT to do... is not what you NEED to do."

It wasn't a scam! And the difference between this and that was Celesto made Twilight think that SHE HURT INNOCENT PEOPLE. That's INCREDIBLY cruel.

I'm surprised you didn't give away half points because Rainbow and Rarity made up. (UPdate. He just updated his journal and did so)

Yakity Sax

Oh boy. One of the most hated episodes of the entire show. Let's see what Mykan thought of it.

Here we go again, time for me to break down these pukes again (and watch T-Boy squirm)

Not gonna let it get to me not gonna let it get to me...

"No animal is suffering" Oh, I wouldn't say that, you girls just lost 200 points for such a BIZARRE and WEIRDO opening... which is exactly the kind of characterization I don't tolerate or approve of in characters I make and want them to have little to none at all of.

Okay, I'm gonna dock Pinkie again for STILL playing those PIPES/HORNS whatever... it's annoying.

Well at least we agree on something.

Seriously, of all the annoying, idiotic, thoughtless antics Pinkie has ever done... THIS takes the new cake. (Then again T-Boy's way worse with his sloppy reading and need to hurt real people for lulz. He's such a waste...)

You hear that? I think it's the pot calling the kettle black

"She's our friend, and we have to be supportive." Uh oh... Twilight's forgetting what happened on HORSE PLAY. (Proof that there's more space in her head than in the Dimensional Galaxy she's from)

Okay now you're doing it on purpose.

Takes in a deep breath

PINKIE PIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIIE!!!!

Could she be anymore thoughtless!!!! (She should be arrested for disturbing the peace)

Yet another rare moment where we agree on something

Seriously... that noise is making me dizzy!!!

Well... I'll be GALL DARNED. Applejack REMEMBERS A LESSON!!! (From Horse Play) This is practically why I deem her the SANEST of the mane group (Still hate her though; she's an MLP, and that means I hate her. No ifs, ands or buts)

How shallow can you get? “Oh I like this character. But because they are a part of a show I hate. I hate her by association. Oh except for Celestia and Spike. They’re the exception”

***Sighs* The old Deception Fake out "Says it's alright... when really it isn't" It's completely dishonest, and that's why I prefer to make my character let the gloominess show. After all... "You want [me to pretend everything's all right? Put on a happy face? Smile?"**

(these are things T-Boy has little to no respect for, and expects everyone to just suck it up and move on. Sorry, but that's not how REALITY works. Some people just don't get over it... not right away, and some don't get over it at all)

My friend brass boy pretty much pointed out the problem with this. You keep saying "Some not all" but the way you depict it indicates you don't believe this. You always show the parts where a person DOESN'T move on and stays a sad sack and never a moment where a person moves on with their life. The closest it got was that fic where Beast Boy moves on with his life...and then you killed him at the end as an act of petty spite. And that's the issue. You CLAIM you understand that are people who move on with their lives...but it's pretty clear from your writing and the way you act you think anyone who does is living in denial or something. Plus if you understand that people move on with their lives. Why can't you?

I do however approve what Pinkie is doing, throwing the horns out. Just like what I would do. If I told to stop, and I really have to stop... that's exactly what's going to happen... abandon it entirely (but as a bonus I'll also abandon everything else that goes with it, or is even slightly referenced to it)

-TV

-Video games

-Computer

-Casual strolls

-Sports

-Conventions

...all of it! Gone!

So just because you can't do ONE THING you'll give up on life? What kinda stupid logic is that? I gave up on collecting Transformers because it wasn't practical and I didn't stop doing the other things i love! You just wanna make people feel guilty for trying to make you give up on writing.

Hmm... so Pinkie has a new special ability added to her list of specialties: When she's in somber-mode, anything near her falls into the dumps as well.

I like it.

Of course you do....

Maybe she should be nicknamed "Party Pooped" in this mode.

Ah, yes... more approval on my part! the friends trying to cheer her up and failing to do so... LOVE-I-LY

Just like this...

(Teen titans comic thing)

(If I know T-boy, he's already more than annoyed that things are going just a little my way... even if it's only temporary)

Mykan. You keep claiming your a decent person and yet you keep going on how you enjoy misery. What the hell?

What she's best at: Being our friend!" Tres lame TWIT-LIGHT, inspite of last week's ep...

..What?

Who are you to declare, Twit-Light? you're not a political princess. (Just saying it to spite her)

(Up yours T-Boy

Not gonna let it get to me...

Seriously! How many stupid pills were slipped into these ponies oats this morning?!! GUMMY IS NOT THAT BRIGHT, YOU NINNIES!!

Sheseh you freaks are annoying today,

Did you just forget that bit from Slice of Life?

Hehehe, and now my favorite part of the downers... THE PUNISHMENT FACTOR!! (Pinkie Moving/running away)

Rarity... you just lost 200 points for that ridiculous annoying act.

"But... we can't just tell Pinkie what to do" This From the Princess of Bungling who always tries to ENFORCE people to comply with her ways and give friendship a chance even when they made it perfectly clear they don't wish to.

You are truly hepatic, Twilight sparkle (You too T-Boy)

Mykan. Show me. Show me ONE MOMENT of Twilight trying to force her views on people. ONE MOMENT.

Also what does me and Twilights Liver have to do with this?

Twilight's rambling of telling all those lovey dove things to Pinkie in hopes she'll come home make me wanna gag! I don't like that kind of stuff much...

I prefer it like this (From Flubber) "Now what do we have to do to get you to take a hint! It's over [Twilight] you lost."

Once again taking a quote out of context....seriously. What is with you using quotes said by people we clearly weren't mean to be agreeing with?

Wow! Pinkie's so grey she's bringing my MIST OF MISERY idea to life.

Oh good...another dumb fanfic idea...

-25 ICE CREAMS?!! Seriously... do these ponies have some stomach immunity?!! This ice cream gag is getting way outta hand.

.....Not sure how to end this....

Well what do you know. We got two reviews today.

The Road to Friendship.

Oyi!! Cadance and Flurry are in the audience! That's 200 points right there , because I hate the most. If I weren't so busy making Darkness of Dimensions, I'd make vids and fanarts of me kicking Cadance's miserable rump around.

How can you claim you aren't sexist when you openly write stuff like this!?

Someone: "What's T-Boy going to think when he sees you said that?"

Mykan: "Heh! T-Boy DOESN'T think."

...Dude. I've reported you for attacking me TWICE. When the fuck is it gonna get through your thick skull you can't keep doing this!?

Well what do ya know, Trixe does some tricks just like I make Abra do (Supports my ideals a bit)

Lots of magicians do that trick. It's nothing special.

I'm so glad we decided to come."

Shut up, Cadance... or maybe you'd like me to do away with that little brat of yours again!

-No damage (Can't penalize her just for talking)

(Shut up, T-Boy)

(enters a long boring speech)

Sunshine Sunshine

Oyi, but I can dock them points for annoying me with THAT kind of playfulness.

Okay I hate the "Sunshine Sunshine" thing too so I can't fault you for that.

Careful, Trixie... I know the offer looks tempting, but remember the first rule of magic: "Things Are Not Always What They Seem"

(A lesson T-boy knows too well. Under his supposed sweet surface is nothing more than a lowly sadist who takes pride in hurting real people for lulz.)

I'm not a bully jackass. YOU are the bully. You claim you respect people's opinions but you clearly don't. If you did you wouldn't attack everyone who doesn't like your work!

Let dishonesty get the best of you again huh? That seems to be going around a lot this season.

Wow, you realize your error right away? Too bad... I took the points away.

(Get over it, T-Boy)

I will when you get over Terra and Beast Boy and GROW UP.

Okay... that is just... WAAAAAAAAAAAAAY MUCH!"

"They'd probably sing a song or something" and then they break out into a song.

THATS THE JOKE!

Wow! Starlight actually suggesting THE PATH OF LEAST RESISTANCE (The Stand with no line rather than the long lineup)

Yep... the squabble is right on time. No is perfect, even good friends can and WILL have their dark times.

Mykan. You NEVER forgive anyone. This means nothing coming from you.

I do have a suggestion for Trixie... why not to this to all that stuff.

(Clip from The Sword in the Stone)

I'm sure Starlight could've learned a shrinking spell. (I should Abra to show this to Trixie)

Oh, boy... this is starting to feel like LOOK BEFORE YOU SLEEP.

Tut-Tut-Tut ladies... never let your emotions or personal differences affect your performances.

-(Gilligan's Island) Tina Louise didn't like working with Bob Denver

-(I Love Lucy) Vivian Vance and William Frawley hated each other in real life.

Yet the performances were STUPENDOUS!!

I love how he completely ignores the fact there are multiple examples of people not getting along that screwed the production over.

Oh, Starlight! Trading in someone else's possession without asking, especially when it vast sentimental value. Even though SOMETIMES... JUST SOMETIMES... change is OKAY (Not great... but OKAY) Never act without thought or without permission.

(Silence T-Boy! you keep changes to YOUR liking, and let ME keep them in MINE)

Lucky for you. I agree it was thoughtless of Starlight to trade the wagon

I think the WAGON was a better friend than BOTH those ponies (and WAY better than T-Boy) The Wagon didn't TALK, but it sure did LISTEN, a lot better than you ponies (or T-Boy) ever will

....Dude. Stop attacking me. I will report you and you'll be forced to remove the attacks. You can't win this.

Wow, I was wrong... this is FAR WORSE than LOOK BEFORE YOU SLEEP. Applejack and Rarity never heated up THAT much, of course they were trapped by the hurricane and couldn't leave, but they still didn't lose their tempers this badly.

Oyi! This old cliché, standing in the way (Like a person chaining themselves to a tree) That shouldn't stop him, he could just levitate the wagon and himself over Trixie, and because Trixie's weak and tired, her own magic would be weak too.

Well maybe the Wagon was too heavy to levitate.

Okay. next one.

The Washouts.

Tboy... I've already won.

Weird. Because from where I'm standing YOU LOST. I've got friends. You're all alone. I got a future ahead of me. Your doomed to waste away. I try. You give up. Nothing you can do will make me lose.

Yes you are a bully, because of your immaturity and riffing (When will I get it through my head to stop... not until YOU stop being the REAL bully)

Okay...you know what. Maybe I am a bully sometimes. I admit it. I can be an ASSHOLE alot. But at least I admit it. I don't try to pass myself off as this misunderstood artist who's unappreciated when all he is is a asshole who wants the whole world to think like he does.

I told you, you bite me, I bit you back.

You riff me, so I riff you.

You're not rifting me. You're attacking me.

And one last thing, Cadance IS A CARTOON, SHE DOESN'T RELATE TO WOMEN'S RIGHTS... there is NO SEXISM involved, and I'll do whatever the bloody hell I want with her. How'd ya like that?

Mykan. It doesn't MATTER if Cadance is a cartoon character or not! No matter how you slice it she's still a woman. And it's horrible if you wanna treat them like that even if they aren't real. Also that "I can do whatever I want because their cartoons" thing doesn't

hold water. If it did. You wouldn't take stuff like Beast Boy and Terra not ending up together so personally! Why is it so important to you if you admit they aren't real!? And if you keep using that excuse it means you've lost the attachment to your characters that every writer should have.

Gee only 6 eps left after this one... I may have to do both Starfleet SEASON 8 and continue Darkness of Dimensions at the same time!

(Oyi)

Huh! Rainbow Dash Fan Club, reminds me of my visit to Anime North 2017, a group of guys dressed as Waluigi's came up to me and actually bowed to me calling me "THEIR GOSPEL" I was flattered, but I don't let the fleeting fame go to my head. I just go to the con to have a good time, not get in people's faces. If I'm praised, if I'm interviewed, or have my pic taken... that's fine.

Never let Fame go to your head

.....BWHHAHAHAHAHAHAHAHAHAHAHAHAHAHA I'm...Sorry..I'm...BWHHAHAHA...But does he really expect us to believe this coming from him? I think it's fairly well established Mykan's got one of the biggest egos on the planet. And HE thinks no one should let fame go to their head!?

(Then again, T-Boy couldn't find his head if he had a headache, ha!)

Whats this? I think I found my head without a headache!

Rainbow Gasps

Like I said... Never let fame go to your head... Rainbow!

Eavesdropping... NEVER cool. (Even though I do it myself, because my haters do it all the time... stalking me round the net wherever I go to cause more trouble. Well... they get what they give. they spy on me... so I spy on them)

(Hence why I mention YOU T-boy, see what your immaturity and needless desire to bully real people gets you all the time)

What's wrong with checking your page every now and again to read your stuff? It's called "bile fascination" look it up. Also another instance of the pot calling the kettle black.

Much as I have a little thing against trying new things (Doesn't mean I still don't actually do it... you don't see me in real life.) Wow! It's almost like Scootaloo gave a description I would of my Starfleet. (In contrast to MLP, they do WHAT I DEEM is cool) fighting MOTW's, transforming into super suits, using powerful weapons and attacks and finishing it with a BANG...

YEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEE-HAAAAAAAAAAAAAAAAAAAAA

You can't just have "cool" stuff. It gets boring if there is no substance. And you never add any substance!

(this is just me talking) Rainbow... to me, you and all of MLP are as cool as DIARRHEA!! And you are so totally letting jealousy get to you. Sure, I'm jealous of Tara Strong, but I'm honest about it (Told her that when I met her) but I mean and wish her no harm and wouldn't do crazy things to her about it.

You totally would if it wouldn't land you in jail. And your admiration for Tara Strong is a weird one. You say you respect her and all. But you go out of your way to attack every single character she's ever voiced. WHY!?

Killing Twilight off and beating up Raven doesn't count (Even Tara told me this when we met... She's not Twilight Sparkle... she just SPEAKS for her. That is all)

Mykan. If Tara ever read your stuff and saw the proper context she's block you in a heartbeat.

(Keep it up T-Boy, I may start docking them points every time you open your yap)

Why not? You deduct points all the time anyway!

Oh, Applejack, not you too! YOUR MOTHER WAS A FREAKIN' PEAR!!!!

"Nice save, Twilight."

Yeah, nice save. Now try saving your life points.

I swear, these ponies were already lame when they came out on day one, now their just walking migraines.

(You're no prize Pig yourself T-Boy)

At least I admit I'm not perfect.

Wow! Rainbows acting just like T-Boy and my haters. Nothing to do but complain over the littlest things. Well, it's all they understand, so its all I'm going to give them, no matter what happens.

YOU complain over all the little things! Another fine case of the pot calling the kettle black!

Much as I should complain about Pinkie eating confetti... Remember, she's a HORSE.

Wow! Those washouts actually do some of Starfleet's dangerous obstacle training.

Do you still think the writers actually read your crap?

Rainbow... you're making double a fool of yourself with all that boasting. It's cool to be confident, but not boastful unless it's FACT, not bullying

(No you don't T-Boy. Still refuse to get into your head, Starfleet doesn't BULLY FIM)

Yes they do. I can prove it.

Booted out of the Wonderbolts for hazardous weather"

Frost-Eye (Though he wasn't a wonderbolt)

"ANGER ISSUES, GET OFF MY BACK!!"

Ace Ray.

...Eeyup, looks like my ideals weren't stupid at all if the writers do it themselves.

(I didn't say THEY STOLE from me T-BOY... get over yourself.)

"LAME-BOW DASH!" HAHAAHAHAHAHA... I LOVE IT!!!

Sadist....

The Way Rainbow and Lightning Dust are talking, that's not how my Starfleet guys act towards Equestrians, that's the kind of stuff (T-boy) and my haters keep insisting they act like.

Perhaps I should make another blog about that, but I doubt they'll listen (That requires them to use their ears instead of their mouths)

We don't use our ears when we read dumbass! And Like I said I can prove that the Space Ponies bully the equestrians.

"We ignore everything the wonderbolts taught us about safety"

In all honesty, I can't tell whether that's a good or a bad thing.

It's bad thing

Rainbow trying to enforce her own views and tell everyone how to think. (That's Twilight's job)

No it's not!

I can admit, my Starfleet guys do that a little, but they have better reasons than Rainbow's showing off. even if I were to explain them (T-Boy) and my haters will just ignore it and continue to whine anyway.

So you admit Starfleet forces their opinions on people?

Much as Spitfire's SHOUTING/Lessons are meaningful; aren't fighters supposed to train for the worst by doing all that crazy stuff anyway? Otherwise, not so skilled... are you.

I'm docking her 200 points, since doing all that danger is how she became Wonderbolts leader to begin with.

***Sighs* Rainbow's still trying enforce her views in a bad way (Which Starfleet does not do) Just like Twilight tries to enforce people to accept friendship. "You've got to give friendship a chance!"**

(Shut up T-Boy)

I like to talk it's part of my charm.

WHEW!!! Rainbow is seriously deserving of a beating, luckily I made Rhymey give her one in my death battle. (She never had a chance)

(Save your protests for someone who cares T-Boy. you hold no weight here in my world.)

Oh but I have weight in my world. And my friend Alpha made a superior death battle.

"that makes me seem to Egotistical doesn't it"

OYI!!! Somebody hit this floater pony over the head. She's becoming as bad as Twilight!

Urg. You're just repeating the same stuff over and over again...

I oughta put the DARK SNAKE SYNDROME card in play.

Wow! Twilight said something I can actually agree with... A LITTLE. she doesn't do that too often

A true rarity

Hmm... I don't know if I can really scold Scootaloo. I've made her and the CMC do tons of really dangerous things. the most dangerous thing they helped save all

the planet from Spike's evil sister and saved everyone, including the space ponies (Even the best need a little help sometimes)

but I can safely say that she's still too young to be doing things like that, and should only do them if she REALLY has to, not if she WANTS to, especially not to show off.

You got that backwards.
