

8th Grade Volleyball Locker Decorating

When: Tuesday, October 14th, 4:20-5:00

Where: SSMS athletic locker room - enter through gym doors

What: Decorate your player's locker for the last game of the season!

How:

- Parents will come to school while the girls are practicing to hang completed posters so it will be a surprise. **PLEASE bring decorations 100% complete so they can be hung quickly.**
- Use a poster board to create a locker decoration
- Refer to pictures below for measurements and how to leave space for the lock.
- Decorate with pictures, quotes, candy

Things to keep in mind:

Parents should **NOT** enter the gym and disturb practice. All will be directed to the girls locker room.

Heavy posters will not stay on the locker. Do not put candy on the poster as it weighs it down.

Volleyball and football lockers are a different size. Pay attention to the dimensions below.

Lockers will be open to put candy or treats inside. **No nuts allowed!**

Locker rooms are humid which can affect different adhesives. Plan to use pipe cleaners, zip ties or magnets to adhere to the locker. Absolutely no gorilla glue, hot glue or heavy tapes! **MAGNETS work well!**

Balloons are NOT permitted.
