

We strive to ensure your child's online safety while providing educational content. PUSD provides web filtering and monitoring on school-provided chromebooks that works at home and at school.

This year we have switched to Blocks i to filter content. With Blocks i parents can:

- Monitor your child's activity on their district-issued device
- Pause the internet
- Set bedtime limits
- Create time controls at home for Youtube and block other additional websites

Set-up your account - register with the email you have on file with the district here:

https://parent.blocksi.net/register_account

Get the mobile App - prefer to access via a mobile device? Click [here for iOS](#) and [here for Google Play](#)

Get the Parent Guide - [detailed parent guide here](#)
