

Hello, my name is Trey Medico, and I am honored to announce my candidacy for the position of Vice President for the class of 2027. My aspiration for this role is firmly rooted in my proud commitment to the well-being and success of our class. I hold a deep belief that our attitudes influence our achievements and success. That said, I am dedicated to working in unison with our President to maintain a positive school environment and ensure a fun atmosphere both within and beyond the school premises. I am enthusiastic about contributing to the coordination of school functions, where the voice and representation of the freshman class are acknowledged and integrated into the decision-making process. My vision for the class of 2027 encompasses a profound sense of pride not only within our school but also within our community of Carteret County. After being president for the middle school FBLA chapter and quiz bowl team, I feel confident in my ability to lead. I believe that as active members of society, we should not only work towards creating the best school but also supporting our community by organizing events like beach cleanups and other community service projects. I pledge to work towards translating this vision into reality, ensuring both academic and social prosperity for our class. I am grateful for your consideration as your Vice President candidate. Together, let us create a positive legacy during our high school journey.
