**Report on “Industrial Visit to Aavin Dairy” DATE: 04.02.2025**

An industrial visit to the Aavin Dairy was organized by the Department of Mathematics on 01.02.2025 to provide students with real-world exposure to the operations of a leading dairy manufacturing plant.

The visit started at 10:00 a.m. with a warm welcome from Mrs. Vanitha, the factory representative. The students were divided into small groups for an in-depth tour of the facility.

The following aspects were covered during the visit:

**Milk Processing:** The importance of maintaining strict hygiene standards throughout the processing cycle to ensure safe, high-quality dairy products.

**Quality Control:** Regular testing and monitoring at multiple stages of production to guarantee the purity of products.

**Automation:** Advanced technologies such as automated sorting and packaging systems have greatly improved operational efficiency and product consistency.

**Sustainability:** Aavin's focus on eco-friendly practices, both in production and distribution, showcases their commitment to a sustainable dairy industry.

**Logistics:** Efficient logistics and distribution channels ensure timely delivery and availability of products in the market.

The industrial visit to Aavin Dairy was an enriching experience for both staff and students. It provided practical exposure to the operations of a dairy factory and highlighted the importance of quality control, technology, and sustainability in the industry. The Extension activity was coordinated by the Department Head Mr. P. Arokyaraj and Co-Ordinator Mr. L. Sridhar Assistant Professor and 15 students gained valuable insights that will aid in their academic and professional growth.
