

3D Standing Snowman Class

Saturday December 16, 2023

9:30 – 4:00 P.M.

The Wooly Horse, 4650 Fisher Rd

New Vienna, OH 45159

This is a 1 day class with Chrisi Koehl that will guide you through creating a 3D standing snowman and finishing techniques. Size and technique of hooking will be your choice, I will guide you through assembling and finishing the project. Students will have a choice of bringing their own light colored wools or request full kit with hand dyed wool included. The size of the finished project is 7” wide X 23” tall and we will hook the front side and stitch it together with a piece of wool for the back (the hooking on this took me approx. 3 hrs. using size 9 cut, if you are a slower hooker and would want a smaller project please contact me). Lunch will be included in your day at The Wooly Horse.

Basic rug hooking and sewing skills are required for this class.

Maximum of 15 students.

Attendees will need to bring: Frame, hook, scissors, needle & thread, wool if using your own (1/2 yd for the hooking and ¼ yd for the backing).

Kits will include: Pattern hand drawn on linen, poly fill for stuffing, weight for bottom of project, fabric for embellishing, sticks for arms and nose and printed instructions with pictures. I will have a serger to use for surging the edge of project after hooking.

Looking forward to a fun filled day of sharing!

Cost of class $35, + cost of kit
