

Privacy Policy of Decision Maker AI app

This privacy policy explains how we collect, use, and share your personal information as a user of our mobile application. By downloading or using our application, you indicate that you accept this policy.

1. Collected Information

Our application may collect certain personal information to provide you with a better experience and improve our services. The collected information may include, but is not limited to:

- Advertising identifiers for personalized ads (provided by AdMob)
- Analytics data (provided by Google Analytics)

2. Use of Information

We may use the collected personal information for the following purposes:

- To provide and enable the use of our application
- To display personalized content and ads
- To analyze usage trends and improve our application
- To communicate with you and provide updates about our services
- To notify you about any changes in our privacy policy

3. Sharing of Information

We do not share your personal information with third parties. However, we may disclose your personal information if required by law or governmental authorities.

4. Data Security

We take appropriate technical and administrative measures to ensure the security of your personal information. However, we cannot guarantee the complete security of information transmitted over the internet.

5. Cookies

Our application may use cookies, which are small text files stored on your device to enhance user experience. You can adjust your preferences to accept or reject cookies.

6. Third-Party Links

Our application may contain links to third-party websites. We are not responsible for the privacy practices of those websites. We recommend reviewing their privacy policies when visiting their websites.

7. Changes to Privacy Policy

This privacy policy may be updated periodically. We will post the current policy in our application. It is important to regularly review our privacy policy for any changes.
