Greenwich bow hunters kill 44 deer in first six weeks of season November 26, 2016
Connecticut
Thehour.com
... or the first six weeks of bow season, 2,464 deer were killed, compared with 2,179 in 2015 and 2,296 in 2014... [related to poor acorn crop which forces deer to move around more] ... We've also had relatively mild winters, which probably allowed the does to come in to better reproductive capabilities ...
