

[Greenwich bow hunters kill 44 deer in first six weeks of season](#) November 26, 2016

Connecticut

Thehour.com

... or the first six weeks of bow season, 2,464 deer were killed, compared with 2,179 in 2015 and 2,296 in 2014... [related to poor acorn crop which forces deer to move around more] ... We've also had relatively mild winters, which probably allowed the does to come in to better reproductive capabilities ...
