How ChatGPT Can Help You Create Your Guiding Word

Using ChatGPT can make the process of choosing your guiding word easier and more creative.

Here's how you can use it effectively:

1. ****Generate Ideas:**** Ask ChatGPT to brainstorm potential guiding words based on your reflections and vision for the year. Cut and paste them into Chat GPT and then ask:

Example: 'ChatGPT, can you suggest some guiding words based on my goals of staying balanced, achieving professional growth, and building meaningful relationships?'

2. ****Test Your Word:**** Share your chosen word with ChatGPT and ask for its interpretation.

Example: 'ChatGPT, what does the word "Harmony" convey in terms of personal and professional growth?'

3. ****Create Affirmations:**** Use ChatGPT to craft affirmations aligned with your guiding word.

Example: 'ChatGPT, create daily affirmations for me based on the word "Momentum."'

4. ****Visualisation:**** Ask ChatGPT to describe or help you imagine how your guiding word can look as part of your daily life.

Example: 'ChatGPT, help me visualize how I can embody "Grounded Growth" in my routine.'
