

Materials you will need for Physical Science:

- Every day you will need to bring:
 - 2 Pencils with erasers
 - 2 Pens
 - Four function calculator (NOT your cell phone for tests)
 - 1 Binder – 2 in width Recommended
 - Lined filler paper
 - Folder for handouts
 - Dividers (Notes, Labs, Returned Work)
- You will also need:
 - Text book: Physics, A First Course by Tom Hsu.
 - I recommend using the online textbook in Google Docs while at home.
 - I should have enough extra books for a class set of books for the room, so you never need to bring your book to class.
 - We do have a limited quantity of hardcover books. These must be signed out and cost \$25.00 if lost.
